- (b) Felony charges pursuant to [ARS 13-2910](#) may be appropriate when death is due to cruelty or obvious severe injury such as broken bones or gunshot wounds.

- (2) When uncertain about the extent of injury, officers should:

 - The Property Crimes Bureau will evaluate the veterinary reports and photographs to determine the need for misdemeanor or felony charges

NOTE: Officers **will not** have the owner/keeper sign the seizure form; this will be completed at the City Court when the owner/keeper requests a hearing.

- (5) If the seizure is upheld during the post-seizure hearing, the seizing officer may request a disposition/forfeiture hearing before the City magistrate to determine whether the animal has suffered cruel mistreatment or cruel neglect and should be forfeited to the City ([PCC 8-3.03](#)).

NOTE: The City magistrate will set the hearing within 15 business days after the request; however, to avoid having to come back to City Court within the 15 business days, the seizing officer should request the disposition/forfeiture hearing be conducted immediately following the conclusion of the post-seizure hearing.
