
Personal Communication Devices

701.1 PURPOSE AND SCOPE

The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs), wireless capable tablets and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games and accessing sites or services on the Internet.

701.2 POLICY

The Santa Monica Police Department allows members to utilize Department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on- or off-duty for business-related purposes, or reasonably associated with work-related misconduct, will be subject to monitoring and inspection consistent with applicable law and this policy.

Additionally, the use of a PCD either on-duty or after duty hours for business-related purposes, or reasonably associated with work-related misconduct, may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

701.3 PRIVACY EXPECTATION

Members forfeit any expectation of privacy with regard to any communication accessed, transmitted, received, or reviewed on any PCD issued or funded by the Department and shall have no expectation of privacy in their location should the device be equipped with location-detection capabilities. This includes records of all keystrokes or web-browsing history made on the PCD. The fact that access to a database, service, or website requires a username or password will not create an expectation of privacy if it is accessed through Department PCDs or networks (see the Information Technology Use Policy for additional guidance).

Members have no expectation of privacy regarding any communications while using a personally owned PCD for Department-related business or when the use reasonably implicates work-related misconduct.

701.3.1 CALIFORNIA ELECTRONIC COMMUNICATIONS PRIVACY ACT (CALECPA)

No member is authorized to be the sole possessor of a Department-issued PCD. Department-issued PCDs can be retrieved, reassigned, accessed or used by any member as directed by a

Santa Monica Police Department

Santa Monica Police Department Policy Manual

Personal Communication Devices

supervisor without notice. Member use of a Department-issued PCD and use of a personal PCD at work or for work-related business constitutes specific consent for access for Department purposes. Prior to conducting an administrative search of a PCD, supervisors should consult legal counsel to ensure access is consistent with CalECPA (Penal Code § 1546; Penal Code § 1546.1).

701.4 DEPARTMENT-ISSUED PCD

Depending on a member's assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD. In accordance with the City's Administrative Instruction, II-4-12 (*Employee Use of City and Personal Telecommunication Equipment*), different types of PCD's may be approved and issued to employees after the following factors have been considered:

- (a) There is a critical need for public or employee safety, including employees responsible for emergency response situations and emergency preparedness activities.
- (b) Employees who are frequently called upon to make administrative decisions off-site or during off-hours.
- (c) Employees who have a need to use cameras for documentation or to access data, e-mail, or business applications when away from their primary computer or when working in the field.

Department-issued PCDs are provided as a convenience to facilitate on-duty performance only and shall be used for official City business. Department-issued or funded PCDs may not be used for personal business either on- or off-duty unless authorized by the Chief of Police or the authorized designee. Such devices and the associated telephone number, if any, shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause.

Unless a member is expressly authorized by the Chief of Police or the authorized designee for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

701.4.1 CITY OF SANTA MONICA'S MOBILE DEVICE MANAGEMENT (MDM) PROGRAM

Employees may voluntarily use their personal devices to perform official City business, to access City e-mail, and/or to access the City's internal website (eDesk) to receive City-related information, through optional enrollment of their personal devices in the City's MDM service.

The City/Department will not reimburse the employee for any costs associated with purchasing or using their personal devices for City business purposes or while accessing City e-mail or the City internal website (eDesk) to receive City-related information. The City/Department will not be responsible for an employee's loss of any personal data or damage to his/her equipment while using his/her PCD for City business.

All City/Department issued PCD's and related accessories (including software) are the property of the City/Department. The City, through its managers and supervisors, reserves the right to review voice data usage reports and any data created or managed on Department-assigned PCD

Santa Monica Police Department

equipment or in City e-mail software loaded on a City-approved PCD, when necessary, for City business purposes.

701.5 PERSONALLY OWNED PCD

Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

- (a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.
- (b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.
- (c) The PCD and any associated services shall be purchased, used, and maintained solely at the member's expense.
- (d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications) or as otherwise authorized by Department procedures.
 - 1. Use of a personally owned PCD for work-related business constitutes consent for the Department to access the PCD to inspect and copy the work-related data (e.g., for litigation purposes, public records retention and release obligations, internal investigations).
 - 2. Use of and data within a personally owned PCD may be discoverable in cases when there is reason to believe it is associated with work-related misconduct.
 - 3. Searches of a personally owned PCD by the Department should be limited to those matters reasonably associated with the work-related business or work-related misconduct.
- (e) The device shall not be utilized to record or disclose any Department business-related information, including photographs, video, or the recording or transmittal of any information or material obtained or made accessible as a result of employment or appointment with the Department, without the express authorization of the Chief of Police or the authorized designee.
- (f) If the PCD is carried on-duty, members will provide the Department with the telephone number of the device.
- (g) All work-related documents, emails, photographs, recordings, and other public records created or received on a member's personally owned PCD should be transferred to the Santa Monica Police Department and deleted from the member's PCD as soon as reasonably practicable but no later than the end of the member's shift.

Except with prior express authorization from their supervisors, members are not obligated or required to carry, access, monitor, or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing memorandum of understanding or collective bargaining agreements, or if the member has prior express authorization from their supervisor, the member may engage in Department business-related communications. Should members

Santa Monica Police Department

Santa Monica Police Department Policy Manual

Personal Communication Devices

engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Members who independently document off-duty Department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate recordkeeping.

701.6 USE OF PCD

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct Department business:

- (a) A PCD shall not be carried in a manner that allows it to be visible while in uniform unless it is in an approved carrier.
- (b) All PCDs in the workplace shall be set to silent or vibrate mode.
- (c) A PCD may not be used to conduct personal business while on-duty except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of PCDs to authorized break times unless an emergency exists.
- (d) Members may use a PCD to communicate with other personnel in situations where the use of radio communications is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid, or in lieu of regular radio communications.
- (e) Members are prohibited from taking pictures, audio or video recordings, or making copies of any such picture or recording media unless it is directly related to official Department business. Disclosure of any such information to any third party through any means requires the express authorization of the Chief of Police or the authorized designee.
- (f) Members will not access social networking sites for any purpose that is not official Department business. This restriction does not apply to a personally owned PCD used during authorized break times.
- (g) Using PCDs to harass, threaten, coerce, or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

701.7 USE WHILE DRIVING

The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Members who are operating Department vehicles that are not authorized emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use. In an emergency, a wireless phone may be used to place an emergency call to the Department or other emergency services agency (Vehicle Code § 23123; Vehicle Code

Santa Monica Police Department

Santa Monica Police Department Policy Manual

Personal Communication Devices

§ 23123.5). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

701.8 OFFICIAL USE

Members are reminded that personal PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing personal or Department-issued PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, members shall conduct sensitive or private communications on a land-based or other Department communications network.

701.9 SUPERVISOR RESPONSIBILITIES

The responsibilities of supervisors include, but are not limited to:

- (a) Ensuring that members under their command are provided appropriate training on the use of Department-issued and personally owned PCDs consistent with this policy.
- (b) Monitoring, to the extent practicable, PCD use in the workplace and taking prompt corrective action if a member is observed or reported to be improperly using a PCD.
 - (a) An investigation into improper conduct should be promptly initiated when circumstances warrant.
 - (b) Before conducting any administrative search of a member's personally owned device, supervisors should consult with the Chief of Police or the authorized designee.
- (c) All members at the rank of Lieutenant or Administrator and above and any Unit Sergeant or Supervisor shall use the voicemail system on any Department-issued cell phone or landline, or personal cell phones used for Department business to advise callers of absences extending more than three days. The message is to indicate the absence period, the person designated to be in charge during the period of absence, and the email/telephone number of the designee.
