

ACADEMIC AFFAIRS GUIDELINES

Section 2.2	Admissions and Transfer	
Title:	Advanced Placement Guidelines and Credit by Exam Table	
Number (Current Format)	Number (Prior Format)	Date Last Revised
2.2.2.5.A(3)	XII.B, 7.5	05/2023
Reference:	BOR Policy 2.2.2.1 – Seamless Transfer of Credit BOR Policy 2.2.2.5 – Prior Learning and Validated Transfer of Credit	
Related Form(s):		

1. Purpose

Advanced Placement credit falls within Board of Regents Policy 2.2.2.1 – Seamless Transfer of Credit which specifies that “Credit for college level courses granted through nationally recognized examinations such as CLEP, AP, DSST, etc., will be evaluated and accepted for transfer if equivalent to Regental courses and the scores are consistent with Regental policies.” Board practice specifies that when new Advanced Placement examinations, or when modifications are made to existing examinations faculty in the respective disciplines are asked to evaluate course materials and make an equivalency recommendation. These recommendations are considered by the Academic Affairs Council and forwarded to the Board of Regents for approval and subsequent addition to the Regental system equivalency matrix.

2. Transcription

At the point of student registration, all viable AP credits will be applied to student’s transcripts following the *Advanced Placement Guidelines for Regental Institutions* and *BOR Policy 2.2.2.1 - Seamless Transfer of Credit*. Students may petition to Academic Affairs or designee to have AP credits removed from their transcript at any time during their active enrollment at a Regental Institution.

3. Student Advising

Although Regental institutions accept AP credits, there are many professional schools throughout the country that do not accept AP to satisfy the pre-requisite requirements for admission to their program. For example, some programs simply state that they do not accept AP and other programs specify that courses completed through AP can be used to meet pre-requisites *only* if the student has completed upper division coursework in that content area and/or demonstrates evidence of competency in that academic area via scores on professional school admissions exams.

Due to these varying degrees of value placed on AP courses by professional programs throughout the country, and in order to not unfairly limit students’ options upon graduation, it is advised that students be informed of this variation upon admission and initial course registration. Additionally, students should seek guidance on this matter from the professional

programs to which they intend to apply as well as seek the counsel of their campus' Health Professions Advisor.

If questions persist after consultation with institutional advising personnel, please direct questions to the South Dakota Board of Regents central office at 605-773-3455.

NOTE: "No Credit" indicates that the South Dakota public university system does Not grant college credit for student performance on this examination. South Dakota public university system will only accept Advanced Placements scores recorded within five years from the time a student seeks credit by examination. Advanced Placement examinations do Not meet the globalization or writing intensive requirements.
