A Message From **Mayor Mickey Sandifer**

Dear Shawnee Residents,

I want to express my heartfelt gratitude to everyone who stepped up after January's historic blizzard, the heaviest snowfall our area has seen in decades. Snowplow drivers from Shawnee's Public Works, Parks and Recreation, Community Development, Police, and Fire Departments worked tirelessly to keep our roads safe, despite the challenging conditions. Residents also moved vehicles and other obstacles so snowplows could work more efficiently. Volunteers spent hours clearing driveways for those in need. Your community spirit and generosity have not gone unnoticed!

As we recover from winter and look ahead to the rest of the year, I'm excited to share some updates about the future of Downtown Shawnee. We are moving forward with the Johnson Drive Streetscape Project, a transformational effort to revitalize the heart of our city. This project will modernize infrastructure, enhance pedestrian safety, and create a welcoming space for community gatherings. With improvements like upgraded sidewalks, a new pedestrian warning signal, and a redesigned plaza, we're building a more vibrant and engaging downtown for everyone to enjoy. When the project is complete, Downtown Shawnee will become an even better place to gather, connect, and explore.

I'll be sharing more about Shawnee's bright future during my State of the City Address on Thursday, March 27. Join me from 4:00 to 6:00 p.m. at the Aztec Shawnee Theater as we reflect on our progress, discuss future initiatives, and celebrate what makes Shawnee such a wonderful place to live, work, and play.

I look forward to seeing you there!

Sincerely,

Mayor Mickey Sandifer

Midland I-435 BRIDGE UPDATE

The Kansas Department of Transportation (KDOT) will resume re-decking work on the I-435 bridge over Midland Drive in March, focusing on the southbound bridge. This marks the third and final phase of a project aimed at repairing decades of wear and tear on this vital roadway serving Shawnee and the greater Kansas City metro area.

During this phase, traffic under the I-435 bridge on Midland Drive will once again be restricted, prohibiting east-west crossings. Southbound traffic will be diverted to the northbound bridge, with one lane of northbound traffic and one lane of southbound traffic using the exit and on-ramps to maintain three lanes of traffic in both directions.

The project is expected to take several months to complete, with the timeline subject to weather conditions.

Throughout construction, Shawnee's Midland Entertainment District will remain open for business. Whether you're catching a movie, enjoying brunch with friends, or relaxing over dinner and drinks, this vibrant district has something for everyone. Let's continue to support our local restaurants and businesses during this time.
