

# SOUTH METRO FIRE RESCUE STATION 15 CONSTRUCTION

## 1979

Littleton Fire Rescue opened Station 15, a single family, tri-level home. Originally, the station was intended to be temporary.

## 2023

Over four decades later, Station 15 closed on May 31st to be rebuilt. Engine 15 moved to Station 37 and Medic 15 moved to Station 14.

## 2024

The new Station 15 is expected to open in late fall.

**Did you know?** South Metro Fire dispatches the closest fire engine and ambulance to the location of the 911 call using GPS (Global Positioning System).

## 11,500

sq ft

The new station will be twice as large as the old station, featuring 3 oversized bays.

## 1,700

Calls for service in Station 15's area in 2022. 1,300 of those calls were for medical services!

The station will house 4 personnel on a fire engine and 2 on an ambulance. There is a total of 7 bedrooms to accommodate the additional personnel and apparatus.
