

# The Importance

The St. Louis County Police Athletic League (SLCPAL) serves kids in the Greater Metropolitan St. Louis Area, by providing a safe and interactive environment for the youth and police to build lasting relationships.

As an extension of our Neighborhood Policing philosophy, PAL gives us the opportunity to connect with kids and parents from the communities we serve. These relationships are necessary in producing cooperative, strong, and crime-free neighborhoods.

## Participants

We are seeking young males and females to participate in one or more of our athletic teams or individual activities.

St. Louis County Pal participants will gain confidence, leadership, and sportsmanship through positive social interactions with police officers, coaches, and volunteers. In addition to athletics, participants may engage in character building activities that will benefit them as they mature into adulthood.

**SLCPAL programs are available for a low membership cost of \$10.**

## Coaches

Many of our volunteers are employees of the St. Louis County Police Department or surrounding municipal police departments. Having officers as volunteers offers a unique experience for the participants of the program. Children can interact one on one with each officer through a love of sports and in turn are able to build a mutual respect and overall positivity.

## Our Mission

Using athletics and activities to build bridges between police, kids, and communities. By doing so we are creating positive change, one relationship at a time.

## Our Overall Impact

St. Louis County Police Athletic League (SLCPAL) builds communities by organizing youth sports and healthy activities that develop personal character and foster positive relationships among police officers, youth, parents, and dedicated volunteers. The relationships that are built within the league are foundational in providing ongoing positive experiences between the community and local law enforcement.
