Purpose

This regulation outlines when and how employees may bring a pet, ***service animals***, or ***assistance animals*** to the workplace.

Scope

This regulation applies to all City employees who bring pets to the workplace. It covers any location where City work is performed, including offices, field sites, and remote workspaces. The regulation applies during work hours, meetings, and City-sponsored events.

This does not apply to:

- *Service animals*, which are addressed under the Americans with Disabilities Act and other applicable laws.
- Police Department employees assigned to a K9 unit.

Policy

Bringing a pet to work is a privilege that helps create a positive and welcoming environment. Employees who want to bring a pet must follow guidelines to ensure a safe and respectful workplace for everyone.

Employees should use a non-public entrance when arriving at or leaving the workplace with their pet and avoid areas open to the public. The City will decide how many and types of pets are allowed and may deny requests as needed. Employees should be mindful of coworkers who may have allergies or fears related to animals.

Before bringing a pet to work, employees must:

- Get approval from their supervisor
- Ensure their pet is adequately trained and well-socialized.
- Ensure their pet is clean, vaccinated, and free of fleas and ticks.

- Check that their pet won't cause health concerns for co-workers.
- Sign a Pet Waiver agreement to follow the rules.

Pets must be friendly, well-behaved, and not disrupt work. They must not chew, bite, scratch, or damage furniture or office equipment. Employees should not feed other employees' pets without the owner's permission.
