INTRODUCTION

Welcome to the City of Springfield! We're glad to have you on our team. We attribute our success as an organization in significant part to our ability to recruit, hire, and maintain a motivated and productive workforce. We hope that during your employment with the City, you will become a successful member of the City of Springfield's team.

This employee handbook describes, in summary, the administrative regulations that govern the employment relationship between the City and its employees, other than those found in applicable collective bargaining agreements.¹ This handbook supersedes any prior handbooks, written policies, and administrative rules of the City that are inconsistent with its provisions. The handbook is not a substitute for collective bargaining agreement provisions. To the extent that a provision in a valid collective bargaining agreement (AFSCME, IAFF, IAFF Battalion Chiefs, SEIU/OPEU, and SPA) contradicts or is inconsistent with what is in this employee handbook or related administrative regulations, the collective bargaining agreement provision controls.

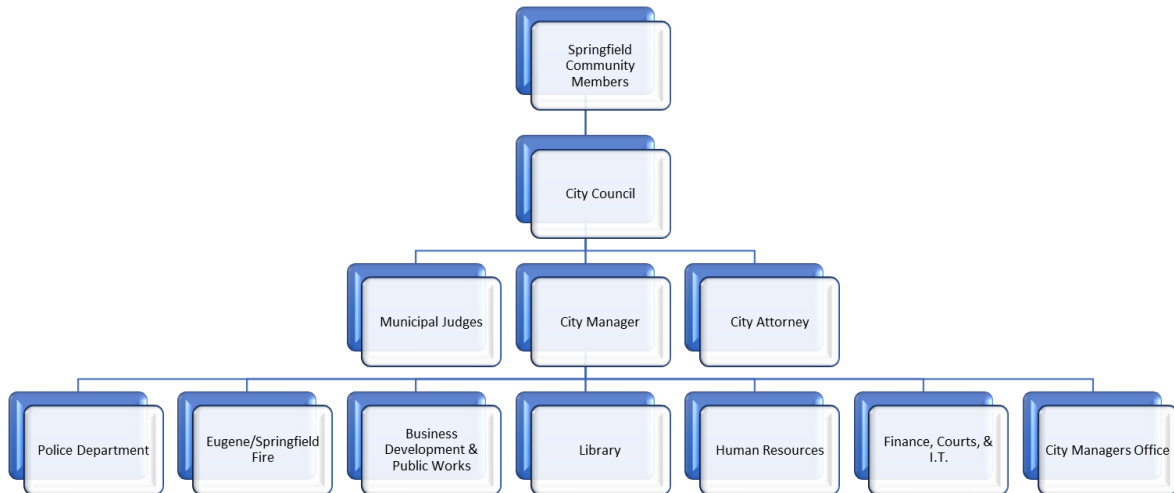

This handbook is not a contract of employment between the City of Springfield and its employees. With the exception of employees who are subject to a collective bargaining agreement, all employment at the City is "at will."

You may receive updated information concerning changes in administrative regulations from time to time, and those updates should be kept with your copy of the handbook. If you have any questions about any of the provisions in the handbook, or any administrative regulations that are issued after the handbook, please ask Human Resources.

¹ The policies stated in this handbook are subject to change at any time by the City with or without prior notice.

SECTION 1 RESPECTFUL PLACE TO WORK

1.1 Open Door Policy

The City is committed to fostering a workplace where employees can communicate openly with supervisors and managers without fear of retaliation. Employee concerns, questions, and feedback are valued and should be addressed promptly, professionally, and at the lowest level possible whenever appropriate to foster a collaborative and responsive work environment.

Supervisors and managers are responsible for creating a safe work environment where employees feel supported in bringing forward work-related concerns. They should actively listen, encourage open dialogue, and make every effort to address and resolve concerns fairly and in accordance with the employee's collective bargaining agreement or, for non-represented employees, the City's Grievance Administrative Regulation.

Employee are encouraged to engage in honest and respectful conversation regarding workplace issues, seek clarification, and provide feedback to help improve the work environment. All discussions should be approached with mutual respect, professionalism, and a focus on solutions.

Retaliation against employees who raise concerns under this policy is strictly prohibited. Any reports of retaliation will be taken seriously and addressed in alignment with City policies.

For more information see Administrative Regulation titled "[Open Door Policy](#)."

1.2 Respectful Place to Work

The City values its employees and is committed to fostering a positive, diverse, inclusive, and professional workplace, where every individual feels respected, supported, and empowered to thrive. The City is dedicated to maintaining a work environment that prioritizes well-being, encourages open communication, and ensures that all employees, customers, contractors, and visitors experience a safe and productive atmosphere.

To uphold these values, the City does not tolerate:

- Any forms of workplace harassment, or offensive behavior
- Demeaning statements, threats, or intimidation
- Unprofessional or discourteous actions
- Any behavior that creates or contributes to an unwelcome or abusive work environment

Every employee shares the responsibility for bringing to the City's attention conduct that interferes with providing a work environment free of harassment, discrimination, and retaliation.

For more information see Administrative Regulation titled "[Respectful Place to Work](#)."

1.3 Employee & Labor Relations

The City values consistency, fairness, and credibility in employee relations. To support these values, the following practices must be followed:

- The City has the right to manage, and no department may create policies affecting management rights without approval from the Human Resources Director.
- Managers and supervisors cannot make side agreements that change or add to the labor contract without approval from the Human Resources Director.
- All managers and supervisors must understand and fairly apply City-wide administrative regulations and labor contract rules.
- Disciplinary action must be fair and follow a progressive approach.
- Complaints should be addressed as soon as possible.
- Supervisors must be careful not to create new practices that conflict with existing ones.
- All decisions, agreements, and labor contract enforcement must be documented.

For more information non-represented employees should see Administrative Regulation titled [“Employee & Labor Relations”](#)

1.4 No-Harassment & Discrimination

The City is dedicated to maintaining a workplace free from harassment, discrimination, and sexual assault, ensuring that every individual has the right to work in a safe, inclusive, and supportive environment. Harassment or discrimination based on race, color, religion, sex, pregnancy, sexual orientation, gender identity, national origin, age, disability, genetic information, veteran status, domestic violence victim status, or any other protected status under Oregon, federal or local law is strictly prohibited.

Leaders at all levels are responsible for fostering a culture of inclusion, support, and respect. Employees are expected to uphold these values and engage in professional respectful interactions with one another. If an employee has questions or concerns, they are encouraged to seek guidance from their supervisor, a management team member, or Human Resources (HR).

For more information see Administrative Regulation titled [“No Harassment & Discrimination.”](#)

1.5 No-Bullying

The City strives to promote a positive, professional work environment free of physical or verbal harassment, “bullying,” or discriminatory conduct of any kind. The City, therefore, prohibits employees from bullying one another or engaging in any conduct that is disrespectful, insubordinate, or that creates a hostile work environment for another employee for any reason. Examples of bullying include:

1.5.1 Verbal Bullying

Slandering, ridiculing, or maligning a person or their family; persistent name calling that is hurtful, insulting, or humiliating; using a person as the butt of jokes; abusive and offensive remarks.

1.5.1 *Physical Bullying*

1.5.3 *Gesture Bullying*

Non-verbal threatening gestures: glances that can convey threatening messages.

Examples of cyberbullying include transmitting or showing mean-spirited text messages, emails, embarrassing pictures, videos or graphics, rumors sent by email or posted on social networking sites, or creating fake profiles on websites for co-workers, managers or supervisors or elected officials.

*This is not a complete list.

Employees who have experienced bullying in violation of this policy, who have witnessed an incident of bullying, or who have credible information about an incident are expected and should bring the matter to the attention of Human Resources, their supervisor or a member of management as soon as possible.

1.6 Disability Accommodations

The City is committed to complying fully with the Americans with Disabilities Act (ADA), the Americans with Disabilities Act Amendments Act (ADAAA), Section 503 of the Rehabilitation Act of 1973, and applicable state and federal laws. The City will make reasonable efforts to accommodate a qualified applicant or employee with a known disability unless such accommodation creates an undue hardship on the operations of the City.

The ADA is a complex law and not every detail will be included in this regulation, but the City will administer this policy in accordance with all legal requirements. Employees are encouraged to seek specific information about the ADA from Human Resources as soon as the need arises.

For more information see Administrative Regulation titled "[Disability Accommodations.](#)"

1.7 Pregnancy Accommodation

The City is committed to supporting the health and well-being of all employees during their pregnancy, childbirth, and related medical condition, including lactation. Employees who feel their ability to work may be affected by pregnancy, childbirth, or related conditions are encouraged to contact Human Resources (HR). HR is to discuss available options to help employee to continue to work in a manner that promotes their health and well-being, and if needed, to explore leave options.

The City will provide reasonable accommodations for employees with known limitations related to pregnancy, childbirth, or a related condition, unless doing so would cause undue hardship on City operations. Our goal is to work with employees to find solutions that support both their health and their work responsibilities.

This policy applies not only to current employees but also applicants with known limitations due to pregnancy, childbirth, or a related medical condition, ensuring equal access to accommodations and support during the application process.

For more information see Administrative Regulation titled "[Pregnancy Accommodation.](#)"

1.8 Religious Observance Leave and Accommodation

The City respects the sincerely held religious beliefs and observances of all employees. The City will make, upon request, an accommodation for such beliefs and observances when a reasonable accommodation is available that does not create an undue hardship on the City's business. Employees may use vacation or Paid Time Off (PTO) for religious holy days or to participate in a religious observance or practice then an employee may request to take unpaid leave if accrued leave is not available. Requests for religious leave or accommodation should be made with Human Resources and may require the requesting employee to provide proof of the "sincerely held" religious belief.

1.9 Reporting Improper or Unlawful Conduct – No Retaliation

Employees may report concerns about the City's compliance with any law, regulation or policy using one of the methods identified in this policy. The City will not retaliate against employees who disclose information that the employee reasonably believes is evidence of:

- A violation of any federal, Oregon or local law, rules or regulations by the City;
- Mismanagement, gross waste of funds, abuse of authority;
- A substantial and specific danger to public health and safety resulting from actions of the City; or
- The fact that a recipient of government services is subject to a felony or misdemeanor arrest warrant.

Further, in accordance with Oregon law, the City will not prohibit an employee from discussing the activities of a public body or a person authorized to act on behalf of a public body with a member of the Legislative Assembly, legislative committee staff acting under the direction of a member of the Legislative Assembly, any member of the elected governing body of a political subdivision, or an elected auditor of a city, county or metropolitan service district.

1.9.1 Employee Reporting Options:

Employees who become aware of improper or unlawful conduct or experience retaliation should promptly report their concerns. Reports should be made to the employee's immediate supervisor. If the employee is uncomfortable reporting to their supervisor or is unsatisfied with the response, they should escalate the report to their department director.

1.9.2 Additional Protection for Reporting:

Oregon law provides that, in some circumstances, an employee who discloses a good faith and objectively reasonable belief of the City's violation of law will have an "affirmative defense" to any civil or criminal charges related to the disclosure. For this defense to apply, the employee's disclosure must relate to the conduct of their coworker or supervisor acting within the course and scope of their employment. The disclosure must have been made to: (1) A state or federal regulatory agency; (2) A law enforcement agency; (3) A manager with the City; or (4) An Oregon-licensed attorney who represents the employee making the report/disclosure. The defense also only applies in situations where the information disclosed was lawfully accessed by the reporting employee.

For more information see Administrative Regulation titled "[Reporting Improper or Unlawful Conduct.](#)"

1.10 Policy Against Retaliation:

The City will not retaliate against employees who make reports or disclosures of information of the type described above when the employee reasonably believes they are disclosing information about conduct that is improper or unlawful and who lawfully accessed information related to the violation (including information that is exempt from disclosure as provided in Oregon law or by City policy).

In addition, the City prohibits retaliation against an employee for participating in good faith in any investigation or proceeding resulting from a report made pursuant to this policy. Further, no City employee will be adversely affected because they refused to carry out a directive that constitutes fraud or is a violation of local, Oregon, federal or other applicable laws and regulations. The City may take disciplinary action (up to and including termination of employment) against an employee who has engaged in retaliatory conduct in violation of this policy.

This policy is not intended to protect an employee from the consequences of their own misconduct or inadequate performance simply by reporting the misconduct or inadequate performance. Furthermore, an employee is not entitled to protections under this policy if the City determines that the report was known to be false, or information was disclosed with reckless disregard for its truth or falsity. If such a determination is made, an employee may be subject to discipline up to and including termination of employment.

SECTION 2 WORKPLACE EXPECTATIONS

2.1 Appearance and Clothing

The City of Springfield is committed to fostering an inclusive and professional work environment that supports employee well-being and ensures a positive experience for employees and the public. Employees are expected to dress appropriately for their work environment while maintaining a neat, clean and professional appearance. Clothing, grooming, and personal hygiene should support a positive workplace and culture and align with job responsibilities.

Clothing, including hats, and face coverings, should generally be free of logos or slogans except for casual Fridays or during City-sponsored events. Management reserves the right to determine appropriate attire, and individual departments may have additional dress code requirements.

For more information see Administrative Regulation titled "[Appearance and Clothing.](#)"

2.2 City Identification Badge

All employees and elected officials of the City will be issued a City Identification Badge on their start date. Badges must be worn visibly at all times while on City premises. Individual work units may exempt individuals from wearing their ID badge if those individuals are required to wear a uniform that clearly identifies them as a representative of the City.

Badges will be programmed to allow access only to areas necessary for the Employee's job function. However, these badges will also allow access to most City Hall areas during normal business hours. Employees must use their badges to enter and exit through access-controlled doors. Employees are strictly prohibited from loaning their badge to others or allowing unaccompanied entry into secure areas by non-City employees.

Badges should not be duplicated or altered in any way. Employees must report lost, stolen, or damaged badges immediately to Human Resources (HR). A replacement fee may be charged as outlined in the procedure section of this policy

For more information see Administrative Regulation titled "[City Identification Badge.](#)"

2.3 Workplace Relationships

Employees are encouraged to consider any possible conflict of interest before entering a personal relationship with coworkers. Employees who enter a personal relationship with a colleague must maintain professionalism and keep personal matters separate from workplace interaction. Employees in supervisory roles must not engage in personal relationships with those they supervise or whose employment conditions they may influence, including hiring, promoting, disciplining and compensating decisions.

The City also prohibits relationships between individuals in inherently unequal positions where one party has real or perceived authority, influence, or power over the other's employment conditions or career progression, includes formal and informal supervisory relationships.

For more information see Administrative Regulation titled "[Workplace Relationships.](#)"

2.4 Tobacco-Free Workplace and Property

The City provides a Tobacco-free environment for all employees and visitors. For purposes of this policy, “tobacco” includes the smoking of any tobacco-based product, smoking in any form (including, without limitation, cigars, vaping and e-cigarettes), and the use of oral tobacco products or “chew/spit” tobacco. Marijuana is also prohibited under this policy. This policy applies to employees, elected officials, volunteers, and any visitors to City property, vehicles or facilities/buildings.

City buildings and vehicles are smoke -free areas. Further, the City prohibits smoking in or around City vehicles and equipment or machinery. If you wish to smoke, you must do so outside of City facilities/buildings, only in designated smoking areas. Smoking is not allowed near building entrances; Oregon law prohibits smoking within 10 feet of building entrances and other openings, including second-story windows.

2.5 Confidential City Information

Employees must not access, use or disclose sensitive or confidential information or data except in accordance with City policies, practices, and procedures, and as authorized by state or federal laws or regulations. Employees with access to confidential information, including but not limited to customer or employee financial, medical or personal information (including, without limitation, Social Security numbers), are responsible for the safekeeping and handling of that information to prevent unauthorized disclosure. Employees who access, use or disclose confidential information contrary to Oregon or federal laws, for personal use, or for financial gain may be subject to civil or criminal penalties under those laws, in addition to appropriate disciplinary action for violating this policy.

No records or information including (without limitation) protected medical data, documents, files, records, computer files or similar materials (except in the ordinary course of performing duties on behalf of the City) may be removed from our premises without permission from your department director or designee. Likewise, any material developed by City employees in the performance of their jobs is the property of the City and may not be used for personal or financial gain. Additionally, the contents of records or information otherwise obtained in regard to the City’s business may not be disclosed to anyone except where required for a business purpose or when required by law.

2.6 Pets in the Workplace

Bringing a pet to work is a privilege that helps create a positive and welcoming environment. Employees who want to bring a pet must follow guidelines to ensure a safe and respectful workplace for everyone.

Employees should use non-public entrance when arriving and leaving with their pet and avoid areas open to the public. The City will decide how many and types of pets are allowed and may deny requests as needed. Employees should be mindful of coworkers how may have allergies or fears related to animals.

Before bringing a pet to work, employees must:

- Get approval from their supervisor
- Make sure their pet is adequately trained.
- Ensure their pet is clean, vaccinated, and free of fleas and ticks.
- Check that their pet won’t cause health concerns for co-workers.

- Sign a Pet Waiver agreement to follow the rules.

Pets must be friendly, well-behaved, and not disrupt work. They must not chew, bite, scratch, or damage furniture or office equipment. Employees should not feed other employees' pets at work, if not authorized.

For more information see Administrative Regulation titled "[Pets in the Workplace.](#)"

2.7 Criminal Arrests and Convictions

Employees must promptly and fully disclose to their supervisor on the next working day:

- All drug- or alcohol-related arrests, citations, convictions, guilty pleas, no-contest pleas or diversions that result from conduct which occurred while on duty, on City property, in a City vehicle, or while driving a personal vehicle (see "Alcohol/Drug Use, Abuse and Testing" policy above);
- All arrests, citations, convictions, guilty pleas, or no-contest pleas that result from crimes involving the theft or misappropriation of property, including money; or
- All arrests, citations, convictions of a violation of any law that will prevent the employee from performing the essential functions of the position.

Reporting an arrest or conviction will not automatically result in termination of employment. Situations will be evaluated on a case-by-case basis. Employees who are unavailable to report for work because they have been sent to jail or prison may not use sick leave or vacation time to cover the absence, and may be subject to disciplinary action, including termination.

3.1.7 Temporary/Seasonal:

A full-time or part-time position used for meeting emergency, non-reoccurring, and short-term workload needs. These positions are typically not budgeted throughout the fiscal year and will not last longer than twelve months.

3.1.8 Casual:

A casual employee is defined as an employee who works on an irregular and infrequent basis but will work less than 950 hours in a fiscal year.

3.2 Position Review

Positions are classified based on the job's distinguishable characteristic, including the job analysis results and assignment to a grade level. The City retains the right to eliminate, change and establish new classification levels and/or salary grades. In the event a new position is established, or an existing position is changed, the Human Resources Department shall determine the appropriate position classification and pay grade(s).

3.2.1 Reclassification Requests:

A request for review can be made by a department or by an individual employee. The employee or department leadership is encouraged to consult with HR prior to beginning the reclassification process. The request for reclassification must be accompanied by a Position Description Questionnaire (PDQ). The employee may edit their most recent PDQ, highlighting the changes to their position, or complete a new PDQ.

3.2.2 Regrade Request:

The department leadership or the employee may submit a request for a pay grade review. The request should include the Position/Title Review Request form highlighting changes in the relative difficulty, complexity, skills, and decision-making authority and how those changes align with the grade and/or classification progression.

For more information see Administrative Regulation titled "[Position Review.](#)"

3.3 Probationary Period

All appointments are subject to a probationary period. This period helps employees adjust to their roles and ensures they meet work standards. The probationary period is a supportive process designed to help employee:

- Learn about the City, their department, their role.
- Understand performance expectations and successfully meet them.
- Receive guidance and feedback to help them succeed.

The probationary period allows both employee and department leadership to determine if the role is a good fit.

For more information see Administrative Regulation titled "[Probationary Period.](#)"

3.4 Performance Assessments

Regular employees with four years or less in the same position must have an evaluation at least once a year, usually around their anniversary date. For regular employees with more than four years in the same position, a formal, written evaluation is required only once every four years. A supervisor may choose to use a waiver instead of a formal evaluation for up to three years in a row. However, supervisors can provide evaluations more often if needed.

Even if an employee has more than four years of service, an annual evaluation is required if any of the following occur:

- The employee has faced formal discipline during the past twelve (12) months.
- The employee has moved to a different classification (through reclassification, promotion, demotion or lateral transfer) since their last evaluation.
- The employee has been recalled from layoff within the past twelve months.
- The employee has requested an annual evaluation.

Extra evaluations may be conducted during an employee's training or probationary periods.

Additional evaluations may be done during an employee's training or probationary period. For more information see Administrative Regulation titled "[Performance Assessments.](#)"

SECTION 4

HOURS OF WORK, OVERTIME & WORKING CONDITIONS

4.1 Hours of Work & Overtime

The official workweek for payroll purposes begins at 12:00 a.m. on Sunday and ends at 11:59 p.m. on Saturday. City offices generally operate from 8:00 a.m. to 5:00 p.m., Monday through Friday; however, each department determines employee work schedules based on operational needs. Employees are expected to work their scheduled hours or use accrued leave to account for non-worked time. All hours worked must be accurately recorded using the department's designated timekeeping system (i.e., SPR Timecards or CrewSense).

Non-exempt employees are eligible for overtime or compensatory time off for hours worked in excess of 40 hours in any given workweek. Overtime work requires prior authorization from a supervisor. Supervisors may not require employees to take compensatory time in lieu of overtime compensation. Overtime hours are not guaranteed, and the City retains the right to assign overtime as necessary. The City will distribute overtime assignments as equitably as feasible among qualified employees. Overtime compensation is provided as either pay or compensatory time off.

For more information see Administrative Regulation titled "[Hours of Work and Overtime](#)".

4.2 Exempt Employee Time Management

Exempt employees, with limited exceptions, are not eligible for compensation or compensatory time off for hours worked beyond their budgeted Full-Time Equivalent (FTE) status. Instead, exempt employees receive one additional week of vacation or paid time off annually.

Exempt employees are generally expected to work standard business hours. However, weekly work hours may vary based on responsibilities. Accepting an exempt position with the City acknowledges that job duties may require working more than 40 hours per week.

Exempt employees have the flexibility to manage their work schedules in alignment with job demands and operational needs. This flexibility may include occasional remote work, adjusted start and end times, or modifications to accommodate personal obligations or unforeseen circumstances. Employees are expected to communicate any schedule variations proactively to their supervisor.

For more information see Administrative Regulation titled "[Exempt Employee Time Management](#)".

4.3 Meals and Rest Breaks

The City provides all required meal and rest periods in accordance with Oregon labor laws. Meal periods and rest breaks must be taken separately and may not be combined or used to adjust work schedules. Supervisors are responsible for ensuring compliance, and employees are encouraged to take their breaks as scheduled to support health and productivity.

For more information See Administrative Regulations "[Meals and Rest Period.](#)"

4.4 Lactation Breaks & Support

The City provides reasonable lactation breaks and private, non-bathroom spaces for employees who are nursing, as required by law, until the child is 18 months old. Employees are encouraged to notify their supervisor of their needs so accommodations can be arranged that support both personal and operational requirements. The City is committed to fostering a workplace culture where parenting and professional responsibilities are mutually supported.

For more information see Administrative Regulation titled "[Lactation Breaks & Support.](#)"

4.5 Alternative Work Schedules

Departments may offer alternative work schedules, with approval from the department director, when operationally feasible. These arrangements must align with the City's commitment to service excellence and meet business, staffing, and coverage needs. Options include compressed work weeks, flextime, job sharing, reduced work weeks, and telework. Departments determine the availability of these options based on operational requirements. This policy does not apply to short-term schedule changes lasting fewer than two weeks or changes initiated by the department for business or seasonal needs.

For more information see Administrative Regulation titled "[Alternative Work Schedules.](#)"

4.6 Telework

The City will allow the use of telework in situations where it will be to the mutual benefit of employees, the City, and the City's stakeholders. Telework is not an employee benefit intended to be available to all City employees, rather, it is one of several work options used at the supervisor's discretion, such as flexible work schedules and job sharing.

In general, jobs appropriate for telework are those in which face-to-face interactions are minimal or that may be scheduled to permit telework, and in which the employee can perform all aspects of the positions remotely, as if the work was being performed at a City facility.

Not all positions at the City are appropriate for telework. For example, employees who work with Criminal Justice Information (CJI) and HIPAA protected information without the proper security measures are not eligible for telework under this policy. Employees who work with other types of confidential information will be assessed on a case-by-case basis.

Telework is not to be viewed as a substitute for dependent/elder care. While telework may facilitate employees working around family responsibilities, employees who telework should have daycare or other supervision for any member of the household requiring care through the workday. Such situations, however, may be arranged between the employee and their supervisor, at the supervisor's discretion.

Participation in City's telework program is at the City's option. The City may terminate the employee's telework privileges at any time with reasonable advance notice..

For more information see Administrative Regulation titled "[Telework.](#)"

4.7 Reporting Changes to an Employee's Personal Data

Because personnel records are used to administer pay, benefits, and other employment decisions, employees are responsible for keeping information current including changes in name, address, phone number, exemptions, dependents, beneficiary, etc. Keeping personnel records current with regard to pay, deductions, benefits and other matters is important. If there are changes in any of the following items, please notify Human Resources to ensure that the proper updates are completed as quickly as possible:

- Name;
- Marital status/Domestic Partnership (for purposes of benefit eligibility determination only);
- Address or telephone number;
- Dependents;
- Person to be notified in case of emergency;
- Other information with bearing on your employment; and
- Tax withholding.

Employees may not intentionally withhold information from the City about the items listed above in order to continue to receive benefits or anything of value for themselves or anyone else. Upon request, the City may require employees to provide proof of marital status or domestic partnership status. Employees who violate this policy may be subject to discipline, up to and including termination.

4.8 Interview Time

Participating in interviewing and related skill and testing processes for other City positions on City-paid time is allowed when it is not possible to schedule such processes during non-work hours provided you have obtained your supervisor's prior approval to be absent from the work group.

4.9 Travel Time

All time that an employee spends traveling on City business during normal work hours must be compensated; even on weekends. The City does not compensate for travel time that falls outside of the employee's regular hours, except when the employee is required to drive. The act of driving is always considered worked time when the employee travels on City business. Passengers in vehicles outside of their normal working hours are not eligible for compensation.

Employees traveling outside of the state on City business generally only need one travel day to arrive at that destination and one travel day to return home. As such, the City will typically reimburse travel expenses for up to two travel days in total. Additional travel days may be approved on a case by case basis, with approval from the department director.

For more information see Administrative Regulation titled "[Travel Time.](#)"

SECTION 5 COMPENSATION

5.1 Statement Regarding Pay Practices

The City makes all efforts to comply with applicable Oregon and federal wage and hour laws. In the event you believe the City has made any improper deductions, has failed to pay you for all hours worked or for overtime, has failed to pay you in accordance with the law, Collective Bargaining Agreement, or has failed to properly calculate your wages in any way, you must immediately report the error to Human Resources. The City will investigate all reports of improper pay practices and will reimburse employees for any improper deductions, miscalculated wages, or omissions. No employee will suffer retaliation or discrimination for reporting an error or complaint regarding the City's pay practices.

5.2 Payday and Pay Period

Employees are paid on a bi-weekly basis. In the event that a regularly scheduled pay date falls on a banking holiday, the last preceding workday shall be the regular pay date in lieu thereof. The City's payroll calendar is available on the City's intranet [Payroll](#) page on Springboard.

Employees are encouraged to have paychecks electronically deposited at a bank, savings and loan association, or credit union. Direct Deposit Authorization information is available in Payroll, Human Resources, and on the Payroll page on the intranet.

5.3 Compensation

The City of Springfield needs highly talented staff to be able to excel at our mission and achieve our strategic goals. Our compensation system is designed to be in compliance with the Oregon Pay Equity Act and to attract, retain and reward individuals that can build a successful servicebased organization.

The City of Springfield strives to maintain a compensation plan which will:

1. Ensure sound stewardship of available resources.
2. Provide for payment of salaries comparable to and competitive with those paid for similar positions and services in comparable public agencies, and agencies in the surrounding area.
3. Maintain internal relationships between classes based upon internal salary scales to provide the necessary structure for the supervisor/employee relationship.
4. Provide for equal pay for equal work without regard to local, state and federally protected classes.
5. Maintain a wage and benefit package that is considered externally competitive (+ or – 5% of the average of the total compensation offered in comparable labor markets for similar work).

The Council shall approve the salary range changes for all job classifications used by the City. The City recognizes the legitimate role of collective bargaining in determining compensation for represented employees.

For more information see Administrative Regulation titled "[Compensation](#)."

5.4 Additional Pays

The City provides additional pay that is not part of an employee's base pay. Such additional pay includes but is not limited to payments for the following assignments and activities in compliance with the Oregon Pay Equity Act:

- Special Assignment Pay
- Cell Phone Stipend
- Bilingual
- Standby
- Public Safety Officer Incentive Pays
- Public Safety Officer Uniform Pay

Represented employees should refer to the appropriate labor agreements. For more information see Administrative Regulation "[Additional Pays](#)."

5.5 Recovery of Overpayment and Benefit Arrears from Employees

The City is entitled to recoup all overpayments of wages, reimbursements, or benefit-related costs made to employees, regardless of the cause of the overpayment. It includes but is not limited to:

- Overpayment, of wages due to timekeeping or administrative errors;
- Reimbursement made in error or in excess of what is appropriate;
- Benefit arrears incurred when an employee is on an unpaid leave of absence and fails to remit their share of benefit premiums.

In such cases, the City must be able to clearly show that the employee received more than they were due under the agreed-upon wage rate, worked fewer hours than reported, received excess reimbursements, or failed to pay the required employee portion of benefit premiums during unpaid leave.

Upon verification, the City will notify the employee of the amount owed and will attempt to develop a mutually agreeable repayment plan. However, should an agreement not be reached, the City reserves the right to deduct up to 10% of the total amount owed from the employee's wages each pay period until the City has been fully reimbursed.

If an employee separates from employment with the City before the balance is paid in full, the remaining amount will be deducted from the final paycheck to the extent allowed by law.

Per the Fair Labor Standards Act (FLSA), wage overpayments are treated as loans or wage advances. Accordingly, recovery of such amounts may legally reduce the employee's wages below minimum wage or overtime thresholds. The City will make every reasonable effort to recover overpayments or arrears resulting from payroll, benefit, or administrative errors.

SECTION 6 EMPLOYEE WELLNESS

6.1 Medical, Dental, and Vision Insurance

All full-time, part-time, and limited duration employees who are budgeted to work twenty (20) or more hours per week are eligible and required to enroll in City paid benefits established in this policy. Employees may also enroll their spouse or domestic partner, children, stepchildren, and children of their domestic partner in plans that provide coverage beyond employee only coverage. Provisions of collective bargaining agreements prevail for bargaining unit employees, and the plan document prevails if there is a conflict between this document and the benefit plan documents.

All medical records are maintained by the City's insurance providers and are considered confidential medical records. The City will abide by the Federal Health Insurance Portability and Accountability Act (HIPAA) privacy standards law requirements.

6.1.1 Health Reimbursement Account:

Eligible employees receive a city-funded Health Reimbursement Account (HRA) which provides \$100 per month for single enrollment or \$200 for two party and family and is intended to offset the medical benefit deductible. Employees receive a pro-rated amount for a partial year employment. Unused funds roll over annually.

For Calander Year 2025 City of Springfield employees can earn an additional \$300 by participating in the HRA voluntary Wellness Incentive Program by completing:

- \$100: Complete an Annual Routine Physical (Section 1)
- \$100: Complete a Biometric Screening (Section 2)
- \$100: Complete one other Preventive Wellness Option (Section 3)

For additional information please to the PERS website at: www.oregon.gov/PERS/pages/index.aspx.

For more information see Administrative Regulations "[Employee Benefits](#)."

6.2 Employee Assistance Program

The City of Springfield has contracted to provide a confidential Employee Assistance Program (EAP) because personal and work-related problems often become personnel issues that affect the employee's job performance and may potentially have an impact on co-workers and colleagues. The EAP is a comprehensive confidential service designed to assist the employee in addressing personal and professional difficulties. The EAP focuses on identifying problems in their early stages, motivating employees to resolve the problems, and directing employees toward the best assistance available.

All benefit eligible employees and their household members are eligible for six (6) sessions per issue per calendar year.

For more information see Administrative Regulation titled "[Employee Assistance Program](#)" or you can contact Cascade Centers directly at 1-800-433-2320, or at [Cascade Health](#).

6.3 Tuition Reimbursement

The City of Springfield will reimburse an employee for one-half the amount of tuition for approved courses which are deemed job-related by department management and approved by the Human Resources Director. The tuition reimbursement policy is limited by budgetary resources.

The City will reimburse an employee for one-half the amount of tuition for approved courses conducted outside the employee's regular working hours, provided the employee has approval from their department director at least ten days prior to the registration for such course; upon evidence submitted showing satisfactory completion of the course (a "C" grade or better) and the employee is not receiving tuition reimbursement from any other source or program. Finance will pay the requested amount upon approval of the course by the Human Resources Director.

Courses which are only offered during regular working hours may be approved by the department director provided time off can be conveniently arranged and arrangements can be made to make worked hours in the same week.

Normally, the cost of textbooks and/or technical publications required for such courses will be the responsibility of the employee. If the City purchases any of the textbooks and/or publications for such courses, it shall be required to have such items placed in the City or department training library after the employee has completed the course.

6.4 LTD Buss Pass Reimbursement Program

City employees may purchase bus passes at any authorized LTD service center. Monthly bus passes may be purchased by the month or on a three-month discount plan pass that is available at LTD Service Centers. The City will reimburse 60% of the cost of a Lane Transit District (LTD) bus pass.

Employees must submit to finance a completed bus pass reimbursement voucher form and the original receipt for the purchased bus pass. Finance Department will process requests for reimbursement through ACH payment. Employees will be reimbursed on the next check run after approval.

6.5 HRA VEBA Plan

HRA VEBA enables the City to make tax-free contributions upon eligible retirement. The following are eligible contribution sources:

- Sick Leave cash-out
- HRA rollover
- Vacation cash-out
- Paid Time Off (PTO)

For more information see Administrative Regulation titled "[HRA VEBA Plan](#)"

6.6 Retirement Benefits

The City of Springfield offers eligible employees, retirees, and their dependents post-retirement benefit coverage, health insurance with medical stipend, dental insurance, Wellness Center, sick leave payout and VEBA plan options. Specific components of the Benefit Plans are subject to change or termination. For a description of the current Benefit Plans offered, visit the City's Human Resources website.

For more information see Administrative Regulation titled "[Retirement Benefits](#)"

6.7 FireMed Ground Coverage Benefit

FireMed Ground Coverage provides comprehensive emergency medical services. The process for enrollment and reimbursement differs based on the employee's residence within or outside the Eugene Springfield Fire service area. FireMed Services includes:

- Emergency medical response and care.
- Ambulance transport within the service area.
- Coordination of care with local hospitals.

Employees are responsible for determining their coverage area. For more information see Administrative Regulation titled "[FireMed Ground Coverage Benefit](#)"

6.8 Employee Recognition Program

Milestones will be recognized in 5-year increments (i.e., 5, 10, 15, 20, etc.). Regular-status employees who reach 5 years or more of continuous service are eligible for recognition on their individual anniversary date as follows:

<u>Years of Service</u>	<u>Gift Card Amount</u>	<u>Anniversary Coin</u>
5	\$50	X
10	\$75	X
15	\$100	X
20	\$125	X
25	\$150	X
30+	\$175	X

Employees must be in active status for the entire service year to receive credit for that year. If, for example, an employee's service year runs from April 1 through March 31 of the following calendar year and they leave regular-status City service in February, they do not receive credit for that service year.

SECTION 7 TIME OFF

7.1 Attendance

Punctuality and regular attendance is an essential responsibility of every City employee. Tardiness or absences impact fellow employees, supervisors and the public. Employees are expected to report to work as scheduled, on time and prepared to start work at the beginning of the shift and are expected to remain at work for their entire scheduled shift.

An absence may be considered "short notice" or as an "unscheduled absence" when an employee fails to call in, gives a late notice, or fails to give advance notices for an absence which could be anticipated. Excessive short notice or unscheduled absences and tardiness may result in discipline. No employee will suffer discrimination or retaliation for requesting or using protected leave as defined by federal or state law.

For more information see Administrative Regulation titled "[Attendance.](#)"

7.2 Vacation

It is the policy of the City of Springfield to provide and grant paid vacation time to employees. Part-time employees earn vacation on a prorated basis. Vacation time is accrued on a bi-weekly basis throughout the year and the time taken may not be used in less than 15-minute increments (.25 hours on timecard). Employees are responsible for managing their vacation account.

Vacation leave does not include City observed holidays.

For more information see Administrative Regulation titled "[Vacation.](#)"

7.3 Paid Time Off

The City is committed to providing employees with sufficient paid time off (PTO) for rest and relaxation, and to address personal and family medical needs. The City wishes to provide maximum flexibility as to how employees may use accrued time off and therefore believes that a program that consolidates vacation, sick, and floating holiday in one bank is in both the City's and employees' best interests. PTO does not include City observed holidays.

Each benefited employee will accrue PTO at bi-weekly increments based on their length of service as defined in the procedure section below. PTO may be used after it is accrued and can be taken in one-minute increments. Employees are accountable and responsible for managing their own PTO hours to allow for adequate reserves if there is a need to cover vacation, illness, appointments, emergencies, or other situations that require time off from work.

Eligibility to accrue PTO is contingent on the employee either working or utilizing accrued PTO for the entire bi-weekly pay period. PTO is not earned in pay periods during which unpaid leave, short or long-term disability leave, or workers' compensation leave is taken.

PTO requests that meet the requirements for protected leave reasons cannot be denied. Under the City's Family and Medical Leave administrative regulation all accrued PTO time is taken before the start of the unpaid FMLA/OFLA time.

The first 40 hours of time coded as PTO per year will apply to Oregon Sick Time (OST) and is considered protected leave.

For more information see Administrative Regulation titled "[Paid Time Off \(PTO\).](#)"

7.4 Holidays

It is the policy of the City of Springfield to grant paid days off in recognition of certain holidays. The City recognizes eleven (11) paid holidays each year and one paid Floating Holiday for employees on the Sick/Vacation plan.

Holiday	Day
New Years Day	January 1st
Martin Luther King, Jr.'s Birthday	Third Monday in January

For more information see Administrative Regulation titled "[Holidays.](#)"

SECTION 8 LEAVES OF ABSENCE

8.1 Sick Leave

Unless otherwise provided in a collective bargaining agreement, employees who are not on the PTO plan, shall begin to accrue protected sick time from their first day of employment. Sick Leave may not be used until the first day of the pay period after it is earned. The first 40 hours of time coded per year that qualifies under the Oregon Sick Time law, including any leave used for FMLA/OFLA qualifying absences or any leave accruals other than sick leave coded for qualifying absences, will apply to Oregon Sick Time.

Sick leave accrues as follows:

- Full-time employees shall accrue sick leave at a biweekly rate of 3.693 hours per pay period.
- Part-time employees accrue sick leave on a prorated basis.
- Temporary and unbudgeted employees accrue sick leave beginning on their first day at a rate of one (1) hour for every thirty (30) hours of work, or 0.033 hours per hour worked.

Employees do not accrue sick leave during unprotected, unpaid leaves of absence. Accruals will be prorated based on hours work excluding overtime.

For more information see Administrative Regulation titled "[Sick Leave](#)."

8.2 Oregon Sick Time Leave

The City provides its employees with sick time leave or Paid Time Off (PTO) pursuant to Oregon law. The City's Sick Leave and PTO administrative regulations are deemed to be in substantial compliance to the minimum requirements of ORS 653.601 to 653.661. In the event of any conflict between this policy and applicable law, the law will be followed.

Employees are entitled to accrue and use up to 40 hours of paid protected time each year, provided the employee has accrued hours available to use. Use of accrued sick leave or PTO hours will not be allowable until the employee has been employed at least 90 days. Each employee will be provided a written accounting at least quarterly of the amount of unused leave time available.

For more information see Administrative Regulation titled "[Oregon Sick Leave](#)."

8.3 Family Medical Leave

Family Medical Leave (FML) entitles eligible employees to take unpaid, job-protected leave for specified family and medical reasons with continuation of group health insurance coverage under the same terms and conditions as if the employee had not taken leave. Employees may but are not required to use accrued paid leave while on FML.

The employee requesting leave for their own serious health condition or to care for an eligible family member will be required to provide certification from the health care provider of the employee or the eligible family member to support the request.

Eligible employees are generally entitled to take up to 12 workweeks of leave during each 12-month leave year. Under certain circumstances, leave may be extended beyond the 12 weeks. FML may be taken for the following reasons:

- A serious health condition of the employee or eligible family member
- Pregnancy disability
- The birth of a child, the adoption of a child, or the placement of a foster child
- Military Family Leave
 - Reasons related to certain military deployments.
 - May take up to 26 weeks of FML in a single 12-month period to care for a covered servicemember with a serious injury or illness.

Employees who are approved for FML are entitled to job protection. They will be returned to the same or an equivalent position upon their return to work. Employees are expected to promptly return to work when the circumstances requiring FML have been resolved, even if leave was originally approved for a longer period.

If FML is used for the employee's own serious health condition, the employee must furnish a medical certification (also known as a fitness-for-duty certification) from their health care provider stating that the employee is able to resume work, either fully or with restrictions, prior to returning to work.

Periods of employee disability resulting from a compensable on-the-job injury or illness will qualify for FML if the injury or illness is a "serious health condition" as defined by applicable law and run concurrently with workers' compensation.

For more information see Administrative Regulation titled "[Family Medical Leave](#)."

8.4 Oregon Family Leave

Oregon Family Leave (OFL) entitles eligible employees to take unpaid, job-protected leave for specified reasons with continuation of group health insurance coverage under the same terms and conditions as if the employee had not taken leave. Employees may but are not required to use accrued paid leave while on OFL.

The employee may need to provide sufficient information to determine if the leave qualifies for OFL protection and the anticipated timing and duration of the leave. Employees must furnish the requested medical certification within 15 calendar days after such information is requested. If required documentation is not received or is insufficient, leave may be denied.

Eligible employees are generally entitled to up to 12 weeks of protected leave in a leave year for the following events:

- Home care for an employee’s child (covering both serious and non-serious health conditions, as well as school and childcare closures due to public health emergencies).
- Bereavement, up to two weeks per family member with a maximum of four weeks in a given leave year.
- Pregnancy disability.
- Military family leave, up to 14 days per deployment will continue to count against available OFL.
- From July 1, 2024, through January 1, 2025, OFL will also provide up to two (2) additional weeks of leave to facilitate the legal processes required for the placement of a foster child or adoption.

Under certain circumstances, an employee may be eligible for additional leave for pregnancy related conditions and sick child leave. Leave may be taken consecutively or on an intermittent basis in increments of workday(s) or work week(s).

OFL is capped at 12-weeks for home care for the employee’s child and bereavement. Bereavement leave is further limited to two weeks per family member with a maximum of four weeks in a given leave year. The OFLA provides up to 12 additional weeks for pregnancy disability after Paid Leave Oregon (PLO) has been depleted. OFL and PLO cannot be used concurrently.

For more information see Administrative Regulation titled [“Oregon Family Leave”](#)

8.5 Paid Leave Oregon Insurance

The City of Springfield provides paid protected leave, commonly referred to as Paid Leave Oregon (PLO), through Lincoln Financial.

All health-related information gathered by the insurer and the City during this process will be maintained as confidential. Employees will not be discriminated against or retaliated against for using or trying to use this insurance benefit. We encourage each employee to use the combination of time off and benefits that meets their personal needs.

The Oregon Employment Department (OED) reviews and sets the contribution rate annually, which is currently 1% of taxable gross wages. Employees are currently responsible for 60% of the contribution rate (gross wages X 0.006). Notice will be provided to employees in advance of any change in the contribution rate as determined by OED.

For more information see Administrative Regulation titled [“Paid Leave Oregon Insurance.”](#)

8.6 Leave of Absences

The City of Springfield expects its employees to attend to personal matters outside of working hours or during scheduled time off. However, personal circumstances may necessitate an absence from work that extends outside of a traditional vacation/PTO request (i.e. more than three weeks in length) or after

a protected leave has ended. An employee may be granted up to six months of leave during any twelve-month period with the approval of the department director and Human Resources Director.

The leave of absence begins immediately following the last date the employee worked. Employees will be required to use all applicable accrued paid leaves prior to beginning an unpaid leave of absence. A leave of absence will not be granted to allow an employee time off to seek employment elsewhere or to work for another employer.

Employees who begin employment elsewhere while on LOA, are considered to have voluntarily resigned from their positions with the City. If the employee does not return to work at the end of the approved leave, employment may be terminated.

8.5.1 Personal Leave:

An employee needing to be off work more than three (3) weeks may request personal leave. A leave of absence granted under these circumstances may be for educational or other compelling personal reasons. This type of leave is generally considered non-protected and may be approved without reinstatement rights. If there is no available position at the conclusion of the period of leave, the employee may be required to resign. Positions being filled by the return of an employee from leave are exempt from the posting requirements under HR regulations on this subject. Extensions beyond the six-month maximum will be considered only in exceptional circumstances and require the approval of the department director, Human Resources Director and the City Manager.

8.5.2 Extended Medical Leave of Absence:

Medical leave may run up to three months beyond exhaustion of protected leave (FML/OFL), when an employee has a serious illness or injury which prevents the employee from being able to work. During this type of leave, the employee will remain on active payroll, provided the employee is complying with HR regulations on this subject (see Disability Accommodations administrative regulations). The employee is expected to return to work immediately upon full release by their physician. Should the employee not return to work upon release by the attending physician, employment may be terminated. Employees will notify their department director/designee or HR regarding any changes to their medical status during the duration of the approved leave.

For more information see Administrative Regulation titled "[Leave of Absence.](#)"

8.7 Compassionate Leave

Employees may be granted up to three (3) days of City paid Compassionate Leave following the death of an immediate family member or in the event of a pregnancy loss. With approval from the department director or designee, employees may take up to two (2) additional paid days for out-of-state funeral travel related to funeral or memorial services.

Compassionate Leave should be used in a single, continuous block of time and must be taken within 60 days of the date of loss. Extensions may be considered on a case-by-case base. If both the employee and their spouse or partner are employed by the City, both individuals may take leave concurrently for the same qualifying event.

Compassionate leave runs concurrently with Oregon Family Leave Act (OFLA) bereavement leave. The initial three (3) to five (5) days are paid by the City. If more time is needed, the employees may use accrued leave banks; or, if no leave is available, the remaining time may be taken as unpaid protected leave.

This benefit aligns with the LiveWell pillars of emotional and occupational well-being, ensuring employees have space to heal without compromising financial stability or job security.

For more information see Administrative Regulation title "[Compassionate Leave.](#)" Represented employees should also refer to specific collective bargaining agreements for details regarding leave of absences.

Employees are required to inform their direct supervisor as early as possible and are required to provide a copy of the summons. In cases of extreme business pressures, management may ask employees to request a postponement from jury duty, which may or may not be granted by the court.

This provision does not apply to an employee who is a plaintiff in a lawsuit or other legal proceeding against the City.

A prolonged absence can include intermittent absence so long as it's related to the same condition.

To be eligible to receive a leave donation, an employee must be employed by the City for at least 90 days and must be eligible to accrue paid leave time.

The City expects employees to report to work in a condition that is conducive to performing their duties in a safe, effective and efficient manner. An employee's involvement with drugs and alcohol on- or off-the-job can have a significant impact on the workplace and can present a substantial risk to the employee who is using alcohol and drugs, to coworkers, and others.

SECTION 10 EMPLOYEE ILLNESS & INJURY

10.1 Workers' Compensation & Time-Loss Benefits

The City provides workers' compensation benefits in accordance with state law for all employees for injuries and illnesses arising out of, and in the course of, employment with the City of Springfield. Benefits including time-loss, will be administered in accordance with Workers' Compensation Law and Administrative Rules of the Workers' Compensation Division or its successor. Complaints arising under provisions of Workers' Compensation Law or Rule are not subject to the grievance process but are to be addressed through procedures established by the Workers' Compensation Division, State of Oregon, or its successor.

When an employee is absent from work because of an on-the-job injury or illness and eligible for Temporary Total Disability (TTD) or Temporary Partial Disability (TPD) benefits (aka "time-loss"), the employee will keep their time-loss check and receive their regular paycheck and benefits for the period

they are receiving time-loss payments up to three-hundred-sixty-five (365) calendar days from the date of disability due to the on-the job injury or occupational illness unless otherwise specified in a labor agreement. However, any time loss payments will be deducted from the employee's paycheck and adjusted in the next available payroll cycle, or subsequent paychecks if the employee's paycheck is insufficient to permit recovery.

For more information see Administrative Regulation titled "[Workers Compensation & Time-Loss Benefits.](#)"

10.2 Overlap with Other Laws

The City will account for other leave and disability laws that might also apply to your situation such as the Americans with Disabilities Act (ADA) and FMLA and/or OFLA. If, after returning from a workers' compensation leave, it is determined that you are unable to perform the essential functions of your position because of a qualifying disability, you may be entitled to a reasonable accommodation as governed by the ADA and/or applicable Oregon laws covering disabilities in the workplace.

10.3 Non-Occupational Injuries or Illnesses

Employees who are unable to perform their essential duties because of a non-occupational injury or illness and wish to return to work may initiate a request with the City for a modified work assignment. Modified work assignments are designed to keep employees active within the City and connected to their work groups by utilizing their skills for projects and other temporary projects while they are recovering from an injury or illness. Modified work assignments shall not interfere with an employee's state or federal rights related to leave accommodations or other similar entitlements.

The City is under no obligation to remove essential functions of the job during a non-occupational injury or illness and shall only assign modified work assignments when such work is available and a benefit to the City. Determination of when such work is available is within the City's sole discretion.

For more information see Administrative Regulation titled "[Non-Occupational Injuries or Illnesses.](#)"

10.4 Return to Work

If you require workers' compensation leave, you will, under most circumstances, be reinstated to the same position that you held at the time your leave began, or to an equivalent position, if available. However, you must first submit documentation from your attending physician certifying your ability to return to work and perform the essential functions of your position.

When returning from a workers' compensation leave you have no greater right to reinstatement than if you had been continuously employed rather than on leave. For example, if you would have been laid off had you not been on leave, or if your position is eliminated, and no equivalent or comparable positions are available, then you may not be entitled to reinstatement. These are only examples and all reinstatement/reemployment decisions are subject to ORS 659A and the terms of any applicable collective bargaining agreement. The City does not discriminate against employees who suffer a workplace injury or illness.

10.5 Early Return-to-Work Program

Our Return-to-Work Program provides guidelines for returning you to work at the earliest possible time after you have suffered an on-the-job injury or illness that results in time loss. This program is not intended as a substitute for reasonable accommodation when an injured employee also qualifies as an individual with a disability. The Return-to-Work Program is intended to be transitional work to enable you to return to your regular job in a reasonable period of time.

The Return-to-Work program for job-related injuries consists of a team effort by the City, injured employees and their treating physicians, and our workers' compensation insurance carrier claims staff. The goal is to return our employees to full employment at the earliest possible date that is consistent with their medical condition and the advice of the treating physician.

If your doctor determines that you are able to perform modified work, the City will attempt to provide you with a temporary job assignment for a reasonable period of time until you can resume your regular duties. If, due to a work-related injury, you are offered a modified position that has been medically approved, failure to phone in or report at the designated time and place may affect your compensation and employment with the City. While you are on modified or transitional work, you are still subject to all other City rules and procedures.

10.6 Contagious Illness

When an employee is present in the workplace and exhibits signs of a contagious illness, they may be directed to go home on sick leave, Paid Time Off (PTO), or Paid Leave Oregon (PLO) (or unpaid leave if sick/PTO/PLO are unavailable).

During a pandemic or other contagious illness emergency, the City may implement plans to adjust their operations to ensure resources are available to provide critical processes and services.

All employees, interns, volunteers, and elected officials are encouraged to be vaccinated against influenza and COVID, as well as receive recommended booster shots. Some employees may be required to have or obtain a COVID vaccination as a term and condition of employment at the City, due to their specific job duties. Employees subject to mandatory vaccination requirements should follow all relevant vaccination procedures in this policy. This policy is subject to modification as new regulations, information, and guidance become available.

For more information see Administrative Regulation titled "[Contagious Illness.](#)"

The City will check the driving record of individuals whose essential job duties include the operation of motor vehicle or drive any City-owned vehicle. Failure to maintain an acceptable driving record may result in loss of authorization to drive on City

business or drive a City-owned vehicle, which could affect job status and may result in disciplinary action.

The City encourages carpooling and the use of City pool vehicles for City business whenever possible.

For more information see Administrative Regulation titled "[Mileage Reimbursement](#)"

11.5 Mobile Device Use While Driving

The use of a mobile device while driving may present a hazard to the driver, other employees and the general public. Subject to a few narrow exceptions for emergency or public safety purposes, Oregon law also prohibits the use of handheld mobile devices while driving even if the driving is for work-related

reasons. This policy is meant to ensure the safe operation of City vehicles and the operation of private vehicles while an employee is on work time. It applies equally to City provided and personal mobile devices.

Employees are prohibited from using mobile devices for any purpose while driving on City business. This policy also prohibits employees from using a mobile device to send or receive text or “instant” messages about City business while driving (other than law enforcement or fire employees while acting in the scope of their employment). Should employees need to use their mobile device while driving, they must locate a lawfully designated area to park and make the call, unless employees use a hands-free accessory that gives them the ability to keep both hands on the steering wheel. Such calls should be kept short or employees should locate to a lawfully designated area to park to continue the communication, even if the employee is using a hands-free device. Violation of this policy will subject the employee to discipline, up to and including termination.

12.5 Employee Use of City Provided or Personal Mobile Devices

12.5.1 City Provided Devices:

City provided mobile devices are made available to City employees on a limited basis to conduct City business. Determinations as to which employees receive City-provided mobile devices will be made on a case-by-case basis; employees are not guaranteed a mobile device. Employees who receive a mobile device from the City must agree to not use the mobile device for personal use except in emergency situations and must abide by all relevant aspects of the City's IT policies. Employees must safeguard their City-provided mobile device from theft, damage, abuse, or unauthorized use.

Further, employees who receive a City-provided mobile device do not have a right, nor should they have an expectation, of privacy while using a City-provided mobile device at any time, including accessing the internet and using email and voice communications. To the extent that employees wish that their private activities remain private, they should avoid using the device for personal use. By accepting the City-provided device, employees imply their consent to disclosing and or monitoring of device usage, including the content of any files or information maintained or passed through that device. The City-provided mobile device may be subject to inspection and review if the City has reasonable grounds to believe that the employee's use of the mobile device violates any aspect of the City's Administrative Regulations.

SECTION 14 ETHICS

14.1 Ethics

At the City of Springfield, we believe in treating people with respect and adhering to ethical and fair business practices. We expect employees to avoid situations that may compromise their reputation or integrity or that might cause their personal interests to conflict with the interests of the City or the City of Springfield's community members.

We at the City are public employees, and as such, are also subject to the State of Oregon's ethics laws. In some cases, these laws provide additional limitations on employees such as prohibitions on gifts and strict definitions of conflict of interest. If you are coming to the City from work in the private sector, you may find that some activities that are common business practices in the private sector are prohibited in the public sector. Information on these laws is available at the [Oregon Government Ethics Commission website](#).

If you have questions about whether an activity meets the City's or Oregon's ethical standards, please talk with the City Attorney's Office. Employees who violate the Ethics Policy, or who violate Oregon ethics laws, may be subject to disciplinary action up to and including termination.

14.2 Standards of Conduct

Each individual employee is a representative of the City and, therefore, is responsible through their actions for projecting high ethical standards. Oregon Government Ethics law restricts some choices, decisions or actions of public officials. The restrictions placed on public officials are different than those placed on private citizens because service in a public office is a public trust and the state ethics laws were enacted to provide one safeguard for that trust. Oregon Government Ethics law prohibits public officials from using their office to obtain a personal financial benefit or to avoid a personal cost. Conflicts of interests are to be disclosed and addressed as they occur. City employees as defined in this administrative regulation are personally responsible for ensuring that their actions comply with state law. The Oregon Government Ethics Commission and City Attorney are available to provide additional information about the requirements of state law.

14.2.1 Reporting and Resolving Real and Potential Conflicts:

In order to avoid any impropriety or the appearance of impropriety, employees should not participate as an agent or a representative of the City in approving, disapproving, voting, abstaining from voting, recommending, or otherwise acting upon any matter in which they have a financial interest, and employees must disclose the full nature and extent of their interest in that particular enterprise. An employee who is unsure if a conflict exists should discuss the situation and possible resolutions with their supervisor. A conflict may exist even if another employee has faced a similar situation and not addressed it

14.4.2 Outside Employment:

Generally, employees may obtain employment with an employer other than the City of Springfield or engage in private income-producing activity of their own so long as that activity is not otherwise prohibited by these rules or be viewed as an "improper use of office" or "create conflicts of interest" as defined under the Oregon Public Official Ethics Laws. Employees who are planning to engage in outside employment are responsible for determining whether their outside employment is consistent with those laws. The City of Springfield requires employees to provide a written disclosure regarding outside employment to their department director before the outside employment begins.

14.2.3 Conversion of City Property for Private Use:

Employees will not convert City-owned equipment, facilities, materials or other City services for private use except in the manner generally available to the public at large. Employees in

that case would be obligated to pay the same fee, if any, in the same manner of a private community member.

14.2.4 Use of Position:

Employees of the City shall not use or attempt to use their official position or office to obtain financial benefit if the opportunity for the financial benefit would not otherwise be available but for their position. The prohibited financial benefit can be either an opportunity for personal financial gain or an opportunity to avoid incurring a personal expense. This prohibition applies to employees acting on their own behalf or the behalf of their relatives or members of their household. It also applies to a business with which the public official, a relative, or a member of the public official's household is associated.

14.2.5 Use of Confidential or "Insider" Information:

Employees of the City may have access to sensitive and confidential information which has not been released to the general public for a variety of reasons. Employees are expected to maintain that confidentiality and exercise discretion and judgment when dealing with sensitive or confidential information including sharing with others internally.

For more information see Administrative Regulation titled "[Standards of Conduct.](#)"

14.3 Political Activity

City employees are free to engage in political activity on their own time. There are strict expectations and laws regulating political activity in the workplace.

City employees shall not solicit any money, influence, service, or other things of value or otherwise promote or oppose any political committee, the nomination or election of a candidate, the gathering of signatures on an initiative, referendum or recall petition, the adoption of a measure or the recall, of a public office holder while on the job during working hours.

An elected official, non-elected official, public employee, or any other person shall not require, coerce or direct City employees to engage in any political activity, regardless of whether the activity itself would be lawful or unlawful.

Federal laws also include prohibitions affecting City employees in federally aided programs.

For more information see Administrative Regulation titled "[Political Activities.](#)"

14.4 Gifts & Gratuities

Occasionally City employees are offered personal gifts, discounts, or gratuities in connection with their City employment. While such offers may be made in good faith, it is important that everyone representing the City avoid any appearance of impropriety. The acceptance of personal gifts or other benefits by City employees or members of their immediate family or household may give an improper appearance. City employees as defined in this administrative regulation are personally responsible for ensuring that their actions comply with state law.

With respect to gifts, the Oregon Government Ethics law does not prohibit City employees from accepting gifts, but it does place on each individual public official a direct and personal responsibility to understand that there are circumstances when gifts may be restricted. Oregon Government Ethics law restricts some choices, decisions, or actions of public officials. The restrictions placed on public officials are different than those placed on private citizens because service in a public office is a public trust and the state ethics laws were enacted to provide one safeguard for that trust. The Oregon Government Ethics Commission and City Attorney are available to provide additional information about the requirements of state law. Please refer to the state's Guide for Public Officials for further explanation and examples.

Some departments may have gift policies that are more restrictive than this administrative regulation or state law. Employees are expected to comply their department polices, as well as this regulation and state law.

For more information see Administrative Regulation titled "[Gifts & Gratuities.](#)"

SECTION 15

INVESTIGATIONS, CORRECTIVE ACTIONS, AND GRIEVANCES

15.1 Investigations

The City shall conduct appropriate investigations into issues or matters reported to the City that appear to be inappropriate, illegal, or inconsistent with City regulations, or that may threaten City employees or assets under any applicable law, regulation, order, policy, or procedure. Employees, customers, vendors, members of the community or other stakeholders are encouraged to make any reports of workplace misconduct as soon as possible after learning or witnessing the conduct in question. The longer an individual waits to report the conduct, the more difficult it will be to conduct an effective investigation. Employees may have a duty to report harassment or hostile work environment incidents and should consult that administrative regulation for more information.

For more information see Administrative Regulation titled "[Investigations.](#)"

15.2 Corrective Action

The City strives to use progressive discipline with the goal of correcting unacceptable behavior, poor performance, or violations of City policies, practices or procedures and to allow the employee a reasonable opportunity to improve on their deficiencies. No policy can be expected to address each and every situation requiring corrective action in the workplace nor is progressive discipline appropriate for all serious offenses such as theft, workplace violence, harassment, or dishonesty which could warrant immediate discharge. It is not the intent of this policy to promote or require a progression of disciplinary measures to every corrective action. The City will however take a comprehensive approach regarding discipline and will attempt to consider all relevant factors before making decisions regarding discipline.

No supervisor may take disciplinary action that would result in loss of pay or status without first consulting with the Human Resources Department or City Attorney's Office.

For more information see Administrative Regulation titled "[Corrective Action](#)."

15.3 Grievances: Non-Union

The City's goal is to resolve issues at the lowest level possible and/or by having direct conversations in accordance with the Open Door policy. This grievance policy is to ensure employees have a method and procedure through the use of a formalized process whereby they may have their complaints or appeals considered as fairly and rapidly as possible without fear of reprisal.

Represented employees should review their collective bargaining agreement.

For more information non-represented employees should see Administrative Regulation titled "[Grievance Non-Union](#)."

15.4 Workplace Inspections — No Right to Privacy or Confidentiality

This policy applies to inspections conducted by the City pursuant to policy or law unless otherwise modified by a different policy in this handbook or other City Administrative Regulation. The scope of inspection will be related to the circumstances giving rise to the inspection and may include a search of city vehicles, lockers, desks, work areas, file cabinets, voicemail systems, computer systems, and other office equipment. Employees are strongly discouraged from storing personal items in the desks, lockers, work areas, file cabinets and other office equipment or furniture, as well as voicemail and computer systems assigned to them by the City; these areas are not private.

SECTION 16 HIRING EMPLOYEES & USE OF VOLUNTEERS

16.1 Equal Employment Opportunities

It is the policy of the City of Springfield to provide equal employment opportunities to all employees and applicants for employment without regard to race, religion, sex (including pregnancy, childbirth and related medical conditions), gender identity, sexual orientation, national origin, ethnicity, mental or physical disability, age (18+), parent with court-imposed medical support order, domestic violence victim status, genetic information, citizenship status, military status, marital status or other legally protected status or activity. It is also the City's policy to respect the right of applicants and employees to oppose practices they feel may be discriminatory and utilize the rights provided to them under equal employment opportunity laws.

Equal Employment Opportunity has been, and will continue to be, a fundamental principle at the City of Springfield, where employment is based upon personal capabilities and qualifications. Any employee who willfully violates this policy may be subject to disciplinary action including termination of their employment with the City.

For more information see Administrative Regulation titled "[Equal Employment Opportunity](#)."

16.2 Recruitment and Selection

The City of Springfield's recruitment and selection efforts are developed and administered in the Human Resources Department (HR) in accordance with federal and state regulations, City guidelines, and collective bargaining agreements.

The City will make reasonable accommodations in accordance with federal and state civil rights laws during the recruitment and selection process. Qualified applicants will be provided with an Accommodation Request form, if not initially submitted, to clarify the accommodation request.

The job application and hiring process is confidential, and this extends even after the selection process has concluded. The information contained in the application, who has applied, how many applicants have applied, or other selection information will not be shared with the public, applicants, or staff notwithstanding Oregon Public Records law, a subpoena, or court order. The hiring manager and those directly involved in hiring will be provided appropriate information at the necessary stage in order to maintain the integrity of the process.

For more information non-represented employees should see Administrative Regulation titled "[Recruitment and Selection](#)."

16.3 Background Checks

The City will conduct background checks for applicants prior to hire or placement into a position. A background check may consist of, but is not limited to the following: Criminal History (International, Federal, State, County and Local), Driving Record, Social Security, Verification, Employment Verification, Professional License/Certification Verification, Education Verification, Sex Offender Registration (State and National), Reference Checks (Personal and Professional), Credit History, Drug Screen, Physical/Medical Evaluation, Pre-placement Fitness Evaluation, Psychological Evaluation, Motor Vehicle Records, Address Verification, and/or Alias/ Name Check.

For more information non-represented employees should see Administrative Regulation titled "[Background Checks](#)."

16.4 Hiring of Family Members

Relatives of current employees and individuals involved in an emotional and/or physical relationship with a current employee are eligible for hire at the City subject to the same selection process and job requirements and will be evaluated in the same manner as any other applicant. However, persons will not be hired or promoted into positions in which one family member (as defined by Oregon law) or person involved in an emotional and/or physical relationship would fall under the direct line of supervision of the other family member or partner.

For more information see Administrative Regulation titled "[Hiring of Family Members](#)."

16.5 Use of Volunteers

The City of Springfield recognizes and supports the use of volunteers to assist City government in providing services and programs. Exceptions to City-wide standards of the policy may be brought to

Human Resources and the Risk Manager to be reviewed on a case-by-case basis. Volunteers are not used to replace the need for or take the place of paid staff.

For more information see Administrative Regulation titled "[Use of Volunteers.](#)"

SECTION 17

EMPLOYEE SEPERATION & LAYOFFS

17.1 Retirement or Resignation from Employment

If you choose to resign or retire, it is anticipated that you will give the City as much notice as possible — preferably a minimum of two weeks unless, because of extenuating circumstances, the department director agrees to permit a shorter period of notice. Resignations shall be promptly forwarded to the Human Resources Department along with a Personnel Action Form. When giving your two-week's notice, vacation, personal, or sick days should not be used in lieu of notice. If you do not give two-week's notice of your intent to leave the City, you will not be eligible for re-employment at a later date.

Employees who miss three or more consecutive workdays without contacting their immediate supervisor are typically considered to have resigned their employment.

If the employee's decision to resign is based on a situation that could be corrected, the employee is encouraged to discuss it with their immediate supervisor or Human Resources before making a final decision.

Employees must return all City property, including but not limited to phones, computers, identification cards, credit cards, keys, and manuals to the City on or before their last day of work.

17.2 Release of Employee Information

All requests for employment references or recommendations must be directed to Human Resources. No manager, supervisor or employee is authorized to release references for current or former employees. Managers and supervisors are expressly prohibited from providing LinkedIn "recommendations" or using a website on the internet to discuss a current or former employee's performance or termination of employment. By policy, the City discloses only the dates of employment and position(s) held of former employees. Former employees who authorize additional disclosures must make a request to do so in writing.

For more information see Administrative Regulation titled "[Release of Employee Information.](#)"

17.3 Layoff and Recall

Layoffs may be temporary or permanent, and may occur because of budgetary reasons, lack of work, reorganization, or redefinition of department or City needs. The City shall determine when layoffs occur and which position(s) are subject to the layoff. The layoff process and implementation must be carried out in coordination with Human Resources and approved by the City Manager. In lieu of layoff, an employee may take a voluntary demotion to a vacant position at a lower classification requiring similar

knowledge, skills and abilities. This is contingent on availability of positions, and the employee shall be paid at the wage established for the lower class. The employee may be placed at any step in the range in accordance with their experience, as recommended by Human Resources. “Bumping” into a lower classification in the same occupational group will not be permitted. Employees classified as limited duration, temporary, or probationary serve at the pleasure of the department director and may be terminated irrespective of these layoff procedures.

For more information see Administrative Regulation titled “[Layoff and Recall](#).”

17.4 Separation of Employment

The City recognizes the dedication and contributions of its employees and is committed to ensuring a smooth, respectful, and well-organized transition when employment ends. The separation process is designed to be fair, supportive, and transparent, prioritizing employee well-being while maintaining compliance with legal requirements and ensuring continuity of City services.

Employee separations are generally effective on the last physically worked day, which should align with a regularly scheduled workday. The City complies with Oregon law regarding final paychecks, ensuring timely payment of all wages, including any eligible accrued leave as appropriate. To support employees during this transition, health insurance coverage remains active through the end of the month in which separation occurs. Employees may have the option to continue coverage through COBRA or the City’s retiree health plan, if eligible, and are encouraged to review available benefits to make informed decisions about their coverage options.

Employees who believe they meet the City’s retirement eligibility criteria should also refer to the City’s Retirement Benefits Administrative Regulation, linked in the Resources section of this document, for additional details on benefits and continuation options.

For more information see Administrative Regulation titled “[Separation of Employment](#).”

SECTION 18 CITY FACILITIES & PROPERTY

18.1 Building and Facility Access

Should circumstances arise beyond our control such as inclement weather, a national crisis, or other emergency that makes one or more of our office locations inaccessible for all or part of a regularly scheduled workday, the City Manager or designee will decide whether to and to what extent the City will close.

In the event of extreme bad weather, the City recognizes that each employee's ability to safely reach work may be different. If the employee cannot safely report to work in such circumstances, they should contact their supervisor. If staff cannot reach their work location but are able to telework from home, the employee should do so subject to approval by their manager or supervisor.

The City Manager or designee shall declare the Emergency Closure Protocol is in effect by announcing business operations established as non-critical will either not be opening, will be delaying opening, or will be closing earlier than 5pm.
