INSTRUCTIONS FOR USE OF FORM
CS-0968**

Voluntary Placement Agreement for Transitioning Young Adults

This form is to be used to obtain an agreement from eligible young adults accepting/requesting Bright Futures Services for Young Adults. By signing this form, the young adult agrees to give care and placement responsibility to the Department for the purpose of establishing IV-E Foster Care, when such status is not otherwise extending from the custody episode or if there has been a break in service from exiting custody exceeding 6 months or the allowable time frame established by the court of jurisdiction. This form must be presented to the court (as applicable) of jurisdiction within 180 days of the applicable signature date, to obtain a finding, which determines that remaining in foster care is in the young adult's best interest. This form also serves to terminate such agreement.
