Instructions for PREA Risk Assessment
CS-0946

1. Training is required before any agency staff member completes this assessment.
2. This assessment is completed on youth, per PREA standards, within twenty-four (24) hours of admission to a residential facility, group home, treatment center, or Youth Development Center (YDC) by a trained agency designee.
3. The staff person interviewing the youth reviews the youth's case file before finalizing this form this form for collateral information gathered from other sources than the youth. If information is different from what the youth reports and indicates the youth is more vulnerable than their self-report, it should be noted on the form and amend the score as applicable.
4. The interviewer asks the youth questions that are in bold. Read the questions as written on the form; however, if the youth does not understand the question rephrase but keep the intent of the question clear.
5. If the youth reports a sexual experience they did not want to have, report the information to the DCS Child Abuse Hotline at 1-877-237-0004 or 1-877-54ABUSE (1-877-542-2873).
6. The questions regarding intellectual impairment is answered from information learned during the file review.
7. Once the interview is finished complete the "Lack of Fit" section and score
8. Scores from section 1-9 are transferred to the Overall Risk Score section so that an overall score can be calculated. If the score is higher than nine (9), CS-1236, Safe Housing Assessment is completed.
9. Completed screenings are shared with treatment staff to assist in housing decisions. A copy is sent to the FSW, Parent/Caregiver and then uploaded into in the youth's case file in TFACTS.
