This would include providing transportation for the foster child to routine medical, psychological and educational appointments, visits to birth parents and/or siblings, recreational activities and trips to purchase clothing and supplies to meet the child's needs.
- 3. We are responsible to the Tennessee Department of Children's Services for the child's care, health, and education (if the child is of school age) during the period the child remains in our home. We agree to discuss all matters pertaining to the child's welfare with the assigned FSW and to participate in all Child and Family Team Meetings.
- 4. We will prepare a record of the child's stay in our home and maintain that record as a part of the child's Life Story Book. This may include pictures, mementos, and written records prepared on a regular basis, all of which shall accompany the child upon his or her departure from our home.
- 5. That under no circumstances will we allow anyone other than an authorized representative of the Department to remove, either temporarily, or permanently, the child from the foster home.
- 6. In case of serious illness or accident requiring the care of a physician, to notify the local DCS office immediately. We understand, however, that we are expected to use our own judgment in calling a doctor first in case of an emergency. In case of serious illness of any member of our family, we agree to notify the local DCS office.
- 7. We will not permit the child to leave our home for visits or to take the child outside the State without prior approval of the Department. We agree to discuss with the FSW in advance any plans regarding a change in our place of residence.

- We will notify the Department, in advance, when there is a need for respite services/care of children placed in our home, including when we are able to secure respite care ourselves. We will provide the child/youths daily rate to the respite foster parent up to two days per month. When in need of supplemental respite assistance, we will contact the Foster Parent Support Worker at least seven days in advance of the respite when able.
- 10. We will not attempt to adopt, file a petition to adopt, or take any steps whatsoever to adopt this child unless, after consultation with Department staff, the decision is made that adoption by us is in the child's best interest. It is our understanding, however, that if the child has been in our home for one year and we meet the qualifications required of other adoptive parents, that we will be given first preference for adoption of this child. We understand that until the termination or surrender of parental rights by both birth or adoptive parents is signed by the courts, no child is eligible for adoption.
- 11. The Department has the right to remove this child from our home at any time in accordance with rules governing such removals. In nonemergency situations such a removal will be preceded by a CFTM. We also agree to notify the local DCS office when removal of the child is at our request, giving the local office sufficient time to convene a CFTM should we find that for any reason we couldn't keep the child or properly care for the child.
- 12. We will not incur any expenses on behalf of the children, for which the Department could be held responsible without prior approval of the Department. This may exclude emergency medical services.
- 13. We will provide a monetary allowance to the child in our home.
- 14. We will immediately reimburse the Department any overpayment received for the care of the child.
- 15. We can request a mentor through the third-party contractor or through the local regional office to assist with normal foster parenting questions.
- 16. Failure to report any significant changes could affect the status of the foster home and may result in termination of foster care board payments and possibly an overpayment assessment.

Strict standards of confidentiality of records and information shall be maintained in accordance with applicable state and federal law. Such confidential information shall not be disclosed, and all necessary steps shall be taken by the foster parent(s) to safeguard the confidentiality of such material or information in conformance with applicable state and federal law, state and federal rules and regulations, departmental policy, and ethical standards. Nothing in this paragraph shall permit foster parent(s) to disclose any information that is confidential under federal or state law or regulations, regardless of whether it has been disclosed or made available to the foster parent(s) due to intentional or negligent actions or inactions of agents of the State or third parties. It is expressly understood and agreed the obligations set forth in this section shall survive the termination of this Contract.
- Foster parent(s) and the State warrant they are familiar with the requirements of the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and its accompanying regulations and will comply with all applicable HIPAA requirements in the course of this contract. Foster parent(s) and the State warrant they will cooperate in the course of performance of the contract so that both parties will be in compliance with HIPAA, including cooperation and coordination with State privacy officials and other compliance officers required by HIPAA and its regulations. Foster parent(s) and the State will sign any documents that are reasonably necessary to keep both parties in compliance with HIPAA, including but not limited to business associate agreements.

Tennessee Department of Children's Services **Discipline Policy**

Discipline is a teaching process that is initiated by a trauma informed caregiver who is able to identify the underlying need of a foster child. It is through this process that a child develops the self-control, self-reliance, resiliency, and orderly conduct appropriate life skills necessary to assume responsibilities, make daily living decisions and live according to accepted levels of social behavior. The goals of discipline for foster children are:

- To problem-solve appropriate ways of getting needs met (i.e., needs for attention, ways to express feelings, etc.)
- ❖ To feel good about relationships with other adults and other children
- To have a positive self-concept
- * To acquire appropriate regulation skills on their own to be able to relate and reason when their needs are not being met
- To have secure attachment and connection with other adults and children
- To be resilient in the face of adversity, causing them to have a foundation of true self-esteem

In order to accomplish these goals, the following guidelines should be followed:

- Encouragement and praise of good behavior is often more effective than punishment and is a must in disciplining a child. The child's acceptance of discipline and ability to profit by it depends largely upon feeling that he/she is liked, accepted and respected.
- Practice regulation methods that were taught in Pre-Service training to help reroute the child in times of dysregulation.
- Approach the child with words and actions that will form secure attachment and connection.
- Discipline must be determined on an individual basis and meet the child at the developmental and cognitive level of the child.
- All discipline shall be limited to the least restrictive appropriate method and administered in an appropriate manner.

The following forms of punishment must **not** be used:

- 1) Corporal Punishment such as slapping, spanking, or hitting with any object,
- 2) Excessive exercising (particularly of a military nature), running laps, repetitive sit-ups, etc.
- 3) Cruel and unusual punishment,
- 4) Assignment of excessive or inappropriate work,
- 5) Denial of meals and daily needs,
- 6) Verbal abuse, ridicule or humiliation,
- 7) Permitting a child to punish another child,
- 8) Chemical, physical, or mechanical restraints (ex; use of psychotropic medications as a restraint),
- Denial of planned visits, telephone calls, or mail contact with birth family, attorney, siblings, Family Service Worker, pre-adoptive family, or attorney,
- 10) Seclusion as a punishment,
- 11) Threat of removal from the foster home, or
- 12) Any discipline that occurs more than 24 hours after the incident.

I have read this discipline policy of physical punishment and do comply with it.

As an applicant who is the subject of a national finger print-based criminal history record check for a noncriminal justice purpose (such as an application for employment or a license, an immigration or naturalization matter, security clearance, or adoption), you have certain rights which are discussed below.

- Youmustbe provided written notification ¹ that your finger prints will be used to check the criminal history records of the FBI.
- Youmustbeprovided, and acknowledge receipt of, an adequate Privacy Act Statement when you submit your finger prints and associated personal information. This Privacy Act Statement should explain the authority for collecting your information and how your information will be used, retained, and shared.²
- Ifyouhaveacriminal history record, the officials making a determination of your suitability for the employment, license, or other benefit must provide you the opportunity to complete or challenge the accuracy of the information in the record.
- Theofficials mustadviseyou that the procedures for obtaining a change, correction, or update of your criminal history recordare set for that Title 28, Code of Federal Regulations (CFR), Section 16.34.
- Ifyouhaveacriminal history record, you should be afforded a reasonable amount of time to corrector complete the record (or decline to do so) before the officials denyyou the employment, license, or other benefit based on information in the criminal history record.³

You have the right to expect that officials receiving the results of the criminal history record check will use it only for authorized purposes and will not retain or disseminate it inviolation of federal statute, regulation or executive order, or rule, procedure or standard established by the National Crime Prevention and Privacy Compact Council. 4

Ifagency policy permits, the officials may provide you with a copy of your FBI criminal history record for review and possible challenge. If agency policy does not permit it to provide you a copy of the record, you may obtain a copy of the record by submitting fingerprints and a fee to the FBI. Information regarding this process may be obtained at https://www.fbi.gov/services/ciis/identity-history-summary-checks

Alternatively, you may send your challenge directly to the FBI. The FBI will then forward your challenge to the agency that contributed the questioned information and request the agency to verify or correct the challenged entry. Upon receipt of an official communication from that agency, the FBI will make any necessary changes/corrections to your recordinac cordance with the information supplied by that agency. (See 28 CFR 16.30 through 16.34.)
