Child Support Enforcement Section**

Request for Verification that Support be Continued

LASES No.: _____

Noncustodial Parent: _____

Child's Name: _____

Dear _____ :

Louisiana R.S. 9:315.22 allows for child support to be paid to a child over the age of 18 if one of the situations listed below exists. Our records indicate that the child named above will soon reach age 18.

If the child is an unmarried, full-time student in good standing in a secondary school or its equivalent and is dependent upon either parent, support may continue until the child reaches the age of 19 or graduates, whichever comes first. School attendance for this child must be verified.

Support for a child who has been determined developmentally disabled may continue until age 22 if the child is attending a secondary school. If you are receiving support for a child who is developmentally disabled, please furnish this office a medical statement to this effect and a statement that he or she is attending school.

If a court has placed a child under continuing tutorship because the child is above the age of fifteen and possesses less than two-thirds of the intellectual functioning of a child of the same age, the child does not attain the age of majority. In this situation, the child support is continued until further order of the court. Our agency needs a copy of the court order.

If your child meets any of the criteria listed above except for an adult disabled child, please provide verification as indicated on the following page. If you have any questions, please contact this office at the above address or telephone number.

Sincerely,

Department Representative

Telephone Number

To Be Completed by Custodial Parent:

(Child's name)

- ☐ is no longer attending school.
- ☐ should continue receiving support due to the following:
- ☐ is 18 years old *and* a full-time student in good standing in a secondary school or its equivalent.
 - ☐ is developmentally disabled. Attached is medical information.
