- A. University of California San Francisco Police Officers have peace officer powers anywhere in the State of California with primary jurisdiction on all properties owned, operated, or controlled by the Regents of the University of California System and within a one-mile radius of these facilities. This jurisdiction is also shared with local law enforcement agencies. Local police departments have concurrent jurisdiction on all campuses and upon all properties owned or controlled by the University located within the city. If the campus or property is located within a county jurisdiction, the county sheriff has concurrent jurisdiction with University of California Police Officers.
- B. The UCSF Police Department maintains Memorandum of Understanding agreements with San Francisco, Daly City and South San Francisco Police Departments, as well as, San Francisco Department of Parking and Traffic. All agencies agree that the main priority is to provide quality police services. The agreement states that UCSF Police Department is responsible for the investigation and handling of incidents that occur on University of California at San Francisco property. The UCSF Police Department and the above agencies agree to notify each other when significant events or arrests are initiated by officers in the other's jurisdiction area.
- C. All Police Department personnel shall be familiar and comply with the provisions of the Memorandums of Understanding as they apply to each agency. Memorandums of Understanding are maintained in the Office of the Chief of Police.
- D. Each of the agencies (San Francisco, Daly City, South San Francisco and UCSF Police Departments, as well as, San Francisco Department of Parking and Traffic) cooperates with one another to avoid unnecessary duplication or overlap of law enforcement activity. Furthermore, Officers of each of these agencies cooperate with one another when situations arise requiring the exercise of authority in each other's jurisdiction.
