

UCSF Police Department Annual Report 2023

Military Equipment

UCSF Police Department General Order 2.9.5 “Military Equipment Acquisition and Use” requires a report to be submitted to the Regents of the University of California on an annual basis for as long as the equipment is in use.

ANNUAL REPORT

Upon approval of a military equipment policy, the Chief of Police or the authorized designee should submit a military equipment report to the governing body of each type of military equipment approved within one year of approval and annually thereafter for as long as the military equipment is available for use (Government Code § 7072).

The Chief of Police or the authorized designee should also make each annual military equipment report publicly available on the Department website for as long as the military equipment is available for use. The report shall include all information required for the preceding calendar year for each type of military equipment in the Department inventory (Government Code § 7072).

The annual military equipment report shall, at a minimum, include the following information for the immediately preceding calendar year for each type of military equipment:

- (a) A summary of how the military equipment was used and the purpose of its use*
- (b) A summary of any complaints or concerns received concerning military equipment*
- (c) The results of any internal audits, any information about violations of the military equipment use policy and any actions taken in response*
- (d) The total annual cost of each type of military equipment, including acquisition, personnel training, transportation, maintenance, storage, upgrade and other ongoing costs, and from what source funds will be provided for the military equipment in the calendar year following submission of the annual military equipment report*
- (e) The quantity possessed for each type of military equipment*
- (f) If the law enforcement agency intends to acquire additional military equipment in the next year, the quantity sought for each type of military equipment.*

A. How Equipment Was Used and Purpose of Use

Two Def-Tec 40mm bean bag rounds were expended, and one Def-Tec Multi-port Plus II distraction device was used for a demonstration for university leadership in November 2022.

B. Complaints or Concerns

UCSF PD received no complaints or concerns during the fiscal year regarding the purchase or use of military equipment or the military equipment policy.

C. Internal Audits

An equipment audit was conducted and there were no violations of the policy found.

D. Total Costs and Funding Source

The UCSF Police Department has purchased twenty-two (22) Def-Tec 40mm bean bag rounds Model #6025, to replace expiring inventory and the two (2) used in a demonstration (see bullet A). The total Cost is \$560.04 that will be coming out of the department's annual budget.

E. Quantity

The following categories represent changes in the UCSF Police Department's inventory:

Category 11 - Def-Tec 40mm Bean Bag Round Model #6025

Authorized inventory: twenty-two (22)
Current inventory: twenty (20)
Reason: Equipment demonstration (See bullet A above)

Category 14 - Def-Tec Multi-port Plus II Distraction Device Model #8922

Authorized inventory: ten (10)
Current inventory: nine (9)
Reason: Equipment demonstration (See bullet A above)

All other military equipment numbers reported to the Regents in September 2022 remain the same.

- a. See table at end of report.

F. Request for New Military Equipment

UCSF has not requested the purchase of any new military equipment.

Assembly Bill 481 Law enforcement and state agencies: military equipment: funding, acquisition and use (AB481) was approved by the Governor and chaptered into law in September 2021.

Under the current law enacted by AB481 (Government Code Section 7070 (c)(10), law enforcement agencies are required to include, “Specialized firearms and ammunition of less than .50 caliber, including assault weapons as defined in Sections 30510 and 30515 of the Penal Code, with the exception of standard issue service weapons and ammunition of less than .50 caliber that are issued to officers, agents, or employees of a law enforcement agency or a state agency.”

Assembly Bill 1486 (AB1486) is currently moving through the legislative process. One of the proposed changes is to GC 7070 (c) 10. The proposed change would require law enforcement agencies to include in their military equipment policies specialized firearms and ammunition of less than .50 caliber, including assault weapons as defined in Sections 30510 and 30515 of the Penal Code, with the exception of standard issue service weapons and ammunition of less than .50 caliber that are issued to officers, agents or employees of a law enforcement agency or a state agency.

As used in this paragraph, a “standard issue service weapon” means a firearm, other than an assault weapon defined in Sections 30510 and 30515 of the Penal Code, that is of the type normally issued to, carried, or transported by a peace officer in the course of routine patrol activities.

This change, if this legislation is approved, would require law enforcement agencies to add their patrol rifles and ammunition to the list of military equipment, even if they are considered a “standard issue service weapon.”

Ahead of this legislation, UCSF is identifying to the Regents and including in its military equipment policy its patrol rifles and ammunition.

CATEGORY 10 – SPECIALIZED FIREARMS AND AMMUNITION OF LESS THAN .50 CALIBER, INCLUDING ASSAULT WEAPONS OR GREATER, EXCLUDING STANDARD-ISSUE SHOTGUNS AND STANDARD-ISSUE SHOTGUN AMMUNITION

Type: .223 Caliber Patrol Rifles

Capability: Rifles outperform handguns providing a higher degree of accuracy over longer distances. The rifle round will also penetrate soft-body armor.

Purpose: Officers may deploy the patrol rifle in any circumstance where, consistent with law, training, and department policy, the officer can articulate a reasonable expectation that the rifle may be needed.

Legal: Officers are required to complete a POST Certified 16-hour course that meets the requirements of Penal Code section 33220(b) - The possession of short-barreled rifles and short-barreled shotguns by peace officer members of a police department, sheriff’s office, marshal’s office, the California Highway Patrol, the Department of Justice, or the Department of Corrections and Rehabilitation, when on duty and the use is authorized by the agency and is within the course and scope of their duties, and the officers have completed a training course in the use of these weapons certified by the Commission on Peace Officer Standards and Training.

Training: Officers must complete the POST Certified 16-hour course before they can be assigned a patrol rifle. They must also qualify with the rifle annually.

Colt model 6721 M4 Carbine Rifle

Quantity: 47

Cost: Approximately \$1,500 each (Annual maintenance is estimated to be \$100)

Lifespan: Barrel life rated to approximately 15,000 rounds (5-10 years).

Manufacturer Description: The Colt AR-15 Tactical Carbine is an exceptional patrol rifle with tactical accuracy chosen by many federal, state, and local agencies. The 16.1" heavy barrel with a 1:9" rifling twist allows flexibility in ammunition selection from 45 grains all the way up to 69 grains. The telescopic M4 stock adjusts to four positions to enhance mobility and fit to a wider range of operators.

Colt model 6920 Tactical Carbine Rifle

Quantity: 5

Cost: Approximately \$1,500 each (Annual maintenance is estimated to be \$100)

Lifespan: Barrel life rated to approximately 15,000 rounds (5-10 years).

Manufacturer Description: This specially designed law enforcement weapon system features many of the combat proven advantages of the military Colt M4. With the 4-position buttstock fully retracted, the Colt Law Enforcement Carbine is less than 32in length and weighs only 6.9 lb. - ideal for tactical deployment and traditional patrol.

Colt model 6943 Tactical Carbine Rifle

Quantity: 5

Cost: Approximately \$1,500 each (Annual maintenance is estimated to \$100)

Lifespan: Barrel life rated to approximately 15,000 rounds (5-10 years).

Manufacturer Description: The Colt LE6943CQB short-barreled rifle features Colt's law enforcement fully unitized URG. In addition to an uninterrupted full-length front rail, the upper receiver allows for a free-floated barrel. This LE6943 is a modernized version of Colt' Commando and the military Mk18 rifle. Assembly also features a gas-block mounted front flip-up sight with bayonet lug and a flip-up rear sight. The barrel is Colt's standard 11.5" chrome lined M4 barrel with an A2 flash hider up front.

Type: Winchester Ranger 223 REM Power Point, .223 Caliber, 64 grain

Quantity: 61,000

Cost: Approximately \$523 per 1,000

Lifespan: 2 years

Capability: Duty ammunition for use in carbine rifles

Manufacturer Description: Winchester Super-X .223 Remington 64 Grain Power Point Bullet ammunition offers a unique exposed soft nose jacketed bullet design that delivers maximum energy on target. Strategically placed notches around the jacket mouth improve upset performance and ensure uniform expansion for massive energy release. This ammo is loaded in brand new reloadable brass cases with non-corrosive boxer primers.

Legal: Officers are required to complete a POST Certified 16-hour course that meets the requirements of Penal Code section 33220(b) - The possession of short-barreled rifles and short-barreled shotguns by peace officer members of a police department, sheriff's office, marshal's office, the California Highway Patrol, the Department of Justice, or the Department of Corrections and Rehabilitation, when on duty and the use is authorized by the agency and is within the course and scope of their duties, and the officers have completed a training course in the use of these weapons certified by the Commission on Peace Officer Standards and Training.

Training: After completing a POST approved course, all members who operate a rifle are required to qualify at least annually

Type: Winchester Ranger 223 REM Full Metal Jacket, .223 Caliber, 55 grain

Quantity: 60,000

Cost: Approximately \$364 per 1,000

Lifespan: 2 years

Capability: Practice (range) ammunition used in the carbine rifles. Used for range training only.

Manufacturer Description: Backed by generations of legendary excellence, Winchester "USA White Box" stands for consistent performance and outstanding value, offering high-quality ammunition to suit a wide range of hunter's and shooter's needs.

Legal: Officers are required to complete a POST Certified 16-hour course that meets the requirements of Penal Code section 33220(b) - The possession of short-barreled rifles and short-barreled shotguns by peace officer members of a police department, sheriff's office, marshal's office, the California Highway Patrol, the Department of Justice, or the Department of Corrections and Rehabilitation, when on duty and the use is authorized by the agency and is within the course and scope of their duties, and the officers have completed a training course in the use of these weapons certified by the Commission on Peace Officer Standards and Training.

Training: After completing a POST approved course, all members who operate a rifle are required to qualify at least annually.
