II. Purpose

The facilities of UT Health San Antonio (University) are primarily for use by its students, faculty, administrators, and staff for activities and events that are directly related to fulfilling the mission of the University in the areas of education, research, health care and community service. To the extent that space is available, outside individuals and groups may use certain facilities provided there is not a conflict with scheduled University activities or events, and the proposed activity is compatible with the mission of the University and in accordance with institutional requirements and University of Texas Board of Regents' Rules and Regulations.

III. Scope

This policy applies to requests for temporary use of all or part of a UT Health San Antonio owned or controlled building, facility or outdoor space for any planned meeting, conference, or event.

IV. Policy

All requests for use of space on the UT Health San Antonio campus will be filled on a space available basis. Curricular requests will always receive priority scheduling consideration. All other events will be placed in a pending status until all required curricular offerings have been scheduled. Under no circumstances will any non-curricular event be booked earlier than forty-five (45) days prior to the event date and never before the completion of all curricular scheduling. Use of all facilities must comply with applicable law.

A. Scheduling

Academic courses and programs approved by the Board of Regents have priority in scheduling of University facilities. Release of facilities for scheduling of other activities will be made only after requirements for the next academic semester have been completed. Students, faculty, staff and departments may reserve space by completing a [Room Reservation Request form](#) and emailing it to University Scheduling at scheduling@uthscsa.edu. The following priority of use of facilities shall apply:

 - a. The educational implications are self-evident and directly supplement the educational purposes of the institution and the academic and/or administrative mission of the department recommending sponsorship; and,
 - b. There will be no private gain for the cooperating individuals, group, or association.
 - c. The UT Health San Antonio sponsor when entering into a joint sponsorship of any program assumes full responsibility for all details including cost, as well as approval of subject, contents, and publicity for the event.
 - d. To the extent that there are charges for University services (e.g., printing, housekeeping, security, etc.) for the event, such charges shall be paid by the UT Health San Antonio sponsoring department.
 - e. The UT Health San Antonio sponsoring department must determine an appropriate level of reimbursement, if any, from the outside entity co-sponsoring the event and obtain such payments and deposit payments to the same accounts from which charges for the event were made.
 - f. A [Room Reservation Request](#) must be completed and sent to [University Scheduling](#).

b. Regents' Rule 80105, Number 2, Section 1

i. Joint Sponsorship Permitted

Except as permitted in Regents' Rules 80103 (Solicitation) and 80106 (Special Use Facilities), the use of property or buildings owned or controlled by The University of Texas System or any of its institutions by individuals who are not students, faculty, or staff; by groups that are not registered student, faculty, or staff organizations; or by associations or corporations for programs or activities must be jointly sponsored by The University of Texas System or any of its institutions and shall be subject to the following conditions:

(2) In order for joint sponsorship to be appropriate, the educational implications of a program or activity must be self-evident, must directly supplement the educational purposes of The University of Texas System or any of its institutions, and must not result in financial gain for the invited individual, group, association, or corporation.

(3) The scheduling of property or buildings for programs or activities of The University of Texas System or any of its institutions shall always have priority over the scheduling for programs or activities that are jointly sponsored.

c. Regents' Rule 80103, Number 3

i. Section 1: Prohibition of Solicitation

(1) Services

9.1.3 Use of University Facilities

Any offering of services and related products by a third party or by The University of Texas System and/or one or more of its institutions on behalf of a third party (a "Third Party Service Offering") established and maintained primarily for the convenience of students, faculty, staff, or patients.

Note: Vendor fairs fall into this category, however, no sale of goods and/or services may occur on University property and a "per table fee" will be imposed.

C. Use of Facilities by Teaching Partners

1. UT Health San Antonio's teaching hospital partners may use University facilities for events that are of an educational nature for UT Health San Antonio students training in those facilities.
2. Other events for teaching hospital partners, such as training, meetings or special events will only be considered after the respective hospital has exhausted all possible availability within their own facilities. The forty-five (45) day requirement and curricular scheduling guidelines also apply to these events. All other guidelines, *Regents' Rules* and IHOP policies, including room use fees, which apply to departments, also apply to teaching hospital partners.

D. General Room Use Guidelines

1. Departments requesting a reservation are expected to exercise due diligence in the use of University facilities. In the case of physical damage to any component of the reserved space, the reserving department will be billed on a time and materials basis for the repair of any damage as determined by Facilities Management.
2. In spaces where the room furniture may be moved, a requesting department may modify the room configuration for a specific temporary need. However, the user must return the room to the original configuration as shown on the posted seating chart prior to the conclusion of the requestor's reservation period. The user's department will be billed for any housekeeping charges resulting from housekeeping services needed to restore the room configuration.
3. Food can be especially corrosive to facilities and equipment. Prior approval from University Scheduling may be required to provide food in select rooms. The responsible person(s) must ensure the room is properly cleaned and restored to its original condition. Any housekeeping charges incurred as a result of untidy room conditions or major cleaning due to heavy spills, stains or other food damage will be billed to the user on a time and materials basis for space restoration.
4. The use of confetti, glitter, icicles, and other similar metallic materials is strictly prohibited due to the difficulty involved with the cleaning of these materials. Users should expect a minimum \$200 charge if they allow the use of these materials in a reserved space.
5. Tacks, nails, staples, or other fasteners that may damage walls or furnishings may not be used. In addition, foam sticker tape, transparent packing tape, and double-

Failure to cancel according to this Policy will result in a fine of \$100 to be billed to the provided departmental project ID.
