

I. 5.9.10 Standardized Notice of Artificial Intelligence System

Chapter 5 - Information Technology	Original Effective Date: August 2026
Section: 5.9 Publishing on the World-Wide Web	Date Last Reviewed:
Responsible Entity: Assistant Vice President, Information Technology Services	Date Last Revised:

II. Purpose

To inform Internet users when they are interacting with a system which utilizes artificial intelligence.

III. Scope

This policy applies to all current and former faculty, staff, students, residents, healthcare providers, researchers, or contractors who, on behalf of the Institution or any department, deploy or use an artificial intelligence system that is public-facing or that is a controlling factor in a consequential decision.

IV. Policy

- A. Any public-facing artificial intelligence system which is deployed, owned, or maintained by UT Health San Antonio that is public-facing or is a controlling factor in a consequential decision must include a standardized notice on all related applications, Internet websites, and public computers.
- B. The standardized notice must follow [the template provided by the Texas Department of Information Resources](#).

V. Definitions

When used in this document, the following words have the meaning set forth below unless a different meaning is required by context.

Artificial Intelligence System - A machine-based system that for explicit or implicit objectives infers from provided information a method to generate outputs, such as predictions, content, recommendations, or decisions, to influence a physical or virtual environment with varying levels of autonomy and adaptiveness after deployment.

Consequential Decision - A decision that has a material legal or similarly significant effect on the provision, denial, conditions, or a person's access to a government service.

5.9.10 Standardized Notice of Artificial Intelligence System

Controlling Factor - A factor that is (a) the principal basis for making a consequential decision; or (b) capable of altering the outcome of a consequential decision
