## Office of Professional Standards

### Memorandum

**To:** Chief Thomas F. Oates, III

**CC:** Deputy Chief Adam Remick

**From:** Det. Lt. Christopher Brooks

**Date:** May 6, 2026

**Re:** **ALPR Monthly Audit – April 2026**

Professional Standards is tasked with conducting monthly audits of the Flock Automated License Plate Reader (ALPR) System. There were approximately 3,736,805 plate reads from the Flock cameras deployed throughout the City of Woonsocket. One Flock camera was found out of service. A repair request was sent to Flock customer service.

Members of the Woonsocket Police Department performed approximately 515 searches in April. These searches performed by staff included the following types of investigations: larcenies, hit-and runs, vandalism, assaults, stolen motor vehicles, narcotics investigations, and more. April had 2,624 hot list hits.

#### Outcomes:

**2026-011258** – A Flock camera alerted to a stolen M/V. The operator was arrested.

**2026-012232** – A Flock camera alerted on a stolen M/V. The operator was arrested.

**2026-013124** – A Flock camera alerted on stolen license plates that had been attached to a stolen vehicle. The plates were now on another vehicle. This information was used by detectives.

**4/02/26** – A Flock camera hit on a vehicle related to suspicious activity at a Jewish Synagogue in another jurisdiction. It was noted as part of an investigation.

During the monthly audit, **twenty** searches made by employees were selected at random. Each was verified to be for legitimate law enforcement purposes through call/case numbers provided. Through the audit, **one** search by a department member was missing the relevant case number.

The searches highlighted in GREEN were randomly selected and verified to be legitimate searches. Any search missing a case or call number would have been highlighted in GREEN are completed Audits. YELLOW is missing case or call number in the Search Reason field.
