Bias Free Policing and Profiling

Date Issued July 9, 2021	Date Effective July 9, 2021	Revision No.	No. of pages 5

1. PURPOSE:

This Department is committed to protecting the constitutional and civil rights of all citizens. Discriminatory practices that consider a person's race, ethnicity, sex, gender identity, sexual orientation, religion, mental or physical disability, immigration status or socioeconomic or professional level, real or perceived, are detrimental to the relationship between police and the communities they protect and serve, because they strike at the basic foundation of public trust. This trust is essential to effective community based policing. Biased policing is illegal and an ineffective method of law enforcement. Biased policing results in increased safety risks to citizens and officers. Additionally, such improper methods violate the civil rights of members of the public and may lead to increased exposure to liability. This Department does not endorse, train, teach, support or condone any type of bias, stereotyping or racial and gender profiling by its officers. While recognizing that most officers perform their duties in a professional, ethical and impartial manner, this Department is committed to identifying and eliminating any instances of biased policing that contribute to systemic racism.
