#### Methodology Overview

CALEA serves as the premier credentialing association for public safety agencies and provides accreditation services for law enforcement organizations, public safety communication centers, public safety training academies, and campus security agencies. The standards are promulgated by a board of 21 commissioners, representing a full spectrum of public safety leadership. The assessment process includes extensive self-assessment, annual remote web-based assessments, and quadrennial site-based assessments. Additionally candidate agencies are presented to the Commission for final consideration and credentialing.

CALEA Accreditation is a voluntary process and participating public safety agencies, by involvement, have demonstrated a commitment to professionalism. The program is intended to enhance organization service capacities and effectiveness, serve as a tool for policy decisions and management, promote transparency and community trust, and establish a platform for continuous review.

CALEA Accreditation is the Gold Standard for Public Safety Agencies and represents a commitment to excellence.

#### Law Enforcement Accreditation

CALEA standards reflect the current thinking and experience of Law Enforcement practitioners and researchers. ## EXECUTIVE SUMMARY

#### **Overview:**

The Zionsville (IN) Police Department is currently commanded by Michael T. Spears. The agency participated in a remote assessment(s), as well as site-based assessment activities as components of the accreditation process. The executive summary serves as a synopsis of key findings, with greater details found in the body of the report.

#### Compliance Service Review:

CALEA Compliance Services Member(s) Bruce Robertson & Phil Potter remotely reviewed 179 standards for the agency on 1/1/0001 using Law Enforcement Manual 6.13. These standards included specific time-sensitive issues, as well as all standards applicable to the agency by size and function. If standard issues are found they are listed below.

#### Site-Based Assessment Review:

From 6/6/2022 to 6/7/2022, Chief Jeff Dodson and Chief Shanon Gillette visited the agency following a consultation with the chief executive officer regarding critical issues impacting the organization since the last assessment. These issues were identified as:

- Training The Zionsville Police Department is committed to ensuring that their officers receive the most up to date and relevant training that is available. The department far exceeds state mandated minimums for in-service training required by the Indiana Law Enforcement Academy (ILEA). A common theme from staff during the assessment was that the department places a high value on training and career development. This was evident in speaking with several specialized instructors from within the department. The Town of Zionsville is a very affluent and well-educated community with most of the population having college degrees. This is also reflected in the staff at the Zionsville Police Department with most staff having a college degree as well. Captain Drake Sterling oversees the training function for the agency. Captain Sterling ensures that all state mandated, department mandated, and accreditation specific training is completed for the department. The department has a very robust field training program for newly hired officers and recently transitioned to a digital platform called Agency 360 to better capture field training documentation.
- Use of Force The Zionsville Police Department recognizes that the lawful and proper use of force is critical to maintain trust between the police and the community. The department's use of force written directive reflects the highest professional and ethical standards. The low number of use of force incidents is indicative of their emphasis on de-escalation and supportive of their policy statement which asserts that the department "recognizes and respects the value of all human life." The department has a thorough reporting and review process that includes supervisory review of all use of force incidents, documentation submitted through the chain of command, and review by the Chief of Police. The Zionsville Police Department has also appointed a Civilian Use of Force Board that has authority to review and approve the Chief's findings or return the case to the Chief of Police for further investigation or alternative action.
- Community Engagement Community engagement is a source of great pride for the Zionsville Police Department. Zionsville officers participate in a variety of planned events, conduct outreach activities in the community, and maintain effective partnerships with educators and local businesses. The department has various programs that create opportunities to positively engage with members of their community. The department runs a Teen Academy for youths within the community. The Zionsville Police Department is heavily involved with the Law Enforcement Torch Run and various other events sponsored by Special Olympics. The department also holds an annual public safety day, participates in the drug take back program, holds coffee with a cop, and shop with a cop events. During COVID, the department started assisting with birthday parades for children and this has become a norm for the department now even since the pandemic restrictions have lowered. The department has a very active bike patrol unit, which is visible at many community events that are held within the Town of Zionsville. The department's School Resource Officer (SRO) was noted during the assessment as being very strong and something

that the community stakeholders truly appreciate. Overall, the Zionsville Police Department policing philosophy is heavily based on the principles of service and community-oriented policing. This was evident during the assessment from interviews with staff and other community stakeholders.

- Response to Mental Health Calls The Zionsville Police Department has demonstrated a department-wide commitment to providing exceptional services to individuals in crisis. All Zionsville officers attend a 40-hour Crisis Intervention Training (CIT) to provide them with the tools needed to better handle calls for service involving subjects experiencing a mental health crisis. Additionally, the department has created a REACH (Resources Evaluating Assisting in Community Health) unit. The REACH unit is tasked with following up on mental health-related calls for service and to connect individuals in crisis with community resources. The REACH Unit is an innovative co-responder team that partners police officers with mental health providers in the field to, in part, connect community members with resources, reduce repeat encounters with law enforcement, reduce use of force with people suffering a mental health crisis, minimize arrests where possible, to promote individual responsibility, and to encourage self-sufficiency. Finally, the department takes part in the AWARE initiative. The AWARE initiative is a campaign to raise first responder awareness of individuals with cognitive disabilities and medical-related impairments, such as Autism, Down Syndrome, or Dementia.
- Multi-jurisdictional Cooperation The Zionsville Police Department has established numerous multi-jurisdictional partnerships to ensure that the community has significant resources available to meet all of its public safety needs. Chief Michael Spears recognizes that criminal activity is not restricted to jurisdictional boundaries. Accordingly, Chief Spears maintains positive relationships to further the goals of the organization and to make a meaningful contribution to the greater law enforcement community. The Zionsville Police Department recently expanded the Investigations Section from two in-house, generalist detectives to include three additional detectives to serve in multi-jurisdictional task force operations. As a result of this expansion, the Zionsville Police Department contributes manpower to the Internet Crimes Against Children/Crimes Against Children Task Force (ICAC/CAC), the Drug Task Force, and the Gun Crime Task Force. Task Force officers contribute vital staffing resources while gaining valuable experience to enhance the services provided to the Zionsville community.

During the Site-Based Assessment Review, the assessment team conducted 44 interviews regarding the topical areas previously defined. The interviews were with agency members and members of the community. The approach not only further confirmed standards adherence, but also considered effectiveness measures, process management and intended outcomes.

# AGENCY HISTORY

The first recorded Town Marshal of the Zionsville Police Department was Henry Clay Hardy in 1876. For much of its early history, Zionsville's Police force was relatively small. Maynard Moore, Zionsville's Marshal from 1938 to 1967, served double duty as a charter member of Zionsville's volunteer fire department and its Chief. The Zionsville Police Department received its first patrol car during the tenure of Moore's successor, Ray Large. Previous Marshals had used their own personal vehicles. Marshal Large served as Zionsville's Marshal from 1967 - 1975. His son, Stan Large, would later serve as Zionsville Police Department's Town Marshal from 1978 - 1980. By 1980, ZPD's staff had grown to 5 full-time officers and 10 reserve officers.

The agency continued to grow and professionalize under subsequent Marshals including David Effler (1988-2004). Effler passed away unexpectedly during his time as Marshal in 2004. His contributions to the ZPD are memorialized by a plaque at ZPD headquarters and his radio number "901" was retired.

In 2007, ZPD transitioned to a different pension system resulting in the Marshal's position becoming a Chief of Police. Chief Richard Dowden served as ZPD's first Chief of Police. During Dowden's tenure, ZPD assigned its first School Resource Officer and stared its annual Teen Academy which continues to this day.

In 2011, Robert Knox became Chief of the Zionsville Police Department. Knox had been with ZPD since 1980 and saw the department's full-time staff grow from 5 to 38 officers. Under Chief Knox, ZPD grew its SRO program to include an officer in every school, expanded its community outreach, started a Citizens Academy and created more opportunities within the agency, including supervisory positions, an additional K9, a part-time Crimes Against Children (CAC) Detective position and a full-time Drug Task Force Detective.

Chief Knox retired in 2020 and was succeeded by Chief Michael Spears, a former Chief of the Indianapolis Metropolitan Police Department. ZPD was restructured shortly thereafter from its previous 3 divisions to 2, the patrol shifts transitioned from an 8-hour to a 12-hour shift schedule and the Investigations staff expanded. In 2021, ZPD committed a Detective to the Indiana Crime Guns Task Force and joined its board of directors. In 2022, a ZPD Detective was added to the Indiana Internet Crimes Against Children (ICAC) Task Force. The department also maintains its commitment of an SRO to each school and a full-time Detective at the Hamilton/Boone County Drug Task Force.

The department continues to expand its capabilities and its outreach. Recently, a large emphasis has been placed on officer benefits and officer wellness with increased salary and opportunity as well as department provided physicals, an incentive-based fitness test and significant investment in improving fitness facilities at ZPD. Training has been and continues to be a high priority at ZPD with its officers receiving over 5,456 hours of training in 2021 and ZPD hosting several nationally recognized training courses in 2022. Recent efforts to increase professionalism also include work toward attaining professional accreditation and engaging citizens for their input on how to improve through collaborations like the use of force board, comprised of both officers and civilian community members.

# AGENCY STRUCTURE AND FUNCTION

The Zionsville Police Department is comprised of 38 full-time sworn officers, two (2) Reserve Officers and one (1) civilian staff member. The Department is organized into two (2) divisions, the Uniformed Services Division and the Support Services Division. Each division is commanded by a Captain who reports to the Chief of Police.

The Uniformed Services Division includes the Patrol and School Resource Officer (SRO) sections. Patrol officers work 12-hour shifts on a rotating schedule. Each Patrol squad is supervised by a Lieutenant and a Sergeant. The SROs are supervised by a Lieutenant. An SRO is assigned to each of the five (5) schools within ZPD's jurisdiction. The supervision of the department's two (2) Reserve officers and multiple specialty units also falls under the command of the Uniformed Services Division.

The Support Services Division includes the Administration Section and the Investigations Section. The Administration Section is responsible for many of the support functions of the ZPD including budgeting, purchasing, payroll, fleet maintenance, public information/community outreach, training, performance, planning, recruitment, applicant screening, on-boarding and monthly/annual reporting. There are no full time staff members currently assigned to this section. The responsibilities are managed directly by the SSD Captain and delegated to various agency members depending upon the task and the need. The Investigations Section is commanded by a Detective Sergeant who oversees the section's general and task force investigators as well as the property room and forensic services personnel. The Investigations Section is also responsible for accreditation management, policy maintenance and updates, NIBRS reporting and information security.

The Zionsville Police Department maintains strong connections with its community through various public events including the Citizens Academy, Teen Academy, public education presentations and a community conversation series. Civilian appointees serve with department members on ZPD's use-of-force review board in an effort to foster transparency and collaboration. ZPD enjoys strong partnerships with other Boone County agencies through various multi-jurisdictional teams, groups and task forces. That partnership extends beyond county lines with ZPD's involvement in the Hamilton/Boone County Drug Task Force, the Indiana Crime Guns Task Force and The Indiana Internet Crimes Against Children (ICAC) Task Force.

# AGENCY SUCCESSES

The Zionsville Police Department (ZPD) has a relatively low number of use of force incidents. Officers receive extensive training in use of force and de-escalation techniques. ZPD has also implemented a use of force review board with ZPD officers and civilian appointees working together to increase transparency and public understanding.

Officer wellness - ZPD offers extensive physicals paid for by the department to all employees annually. An incentivized employee fitness test was implemented in 2021. In 2021 and 2022, significant investments were made in upgrades to the department's fitness center.

Professional development - Members of the department completed approximately 5,456 hours of training in 2021. A merit promotional process was implemented in 2021 leading to the promotion of six (6) members of ZPD. Newly promoted supervisors were sent to the Indianapolis Metropolitan Police Department (IMPD) Leadership Academy and/or the Northwestern University Supervision of Police Personnel Program. Command staff members attended the Indiana Law Enforcement Academy's Chief Executive Training in 2021 and 2022.

Multi-jurisdictional cooperation - ZPD maintains several strong partnerships with other Boone County agencies including the Boone County Child Advocacy Center, Gun Liaison Program, Special Response Team and Crisis Negotiators, Major Case Task Force and others. ZPD works regularly with other local, state and federal agencies through the Indiana Crime Guns Task Force, Hamilton/Boone County Drug Task Force and the Indiana Internet Crimes Against Children (ICAC) Task Force.

Community outreach - ZPD offers both a Citizen and a Teen Academy each year. Several community groups often visit the police department for tours or presentations from officers or officers go out and visit those groups. In the warmer months, bike patrols have been increased and field roll calls were implemented to encourage public interaction beyond calls for service.. The department regularly updates the public via social media. In 2020 and 2021, ZPD facilitated a series of community conversations on implicit bias and related issues. In 2021, ZPD hosted a community update presentation on the department and its current projects and progress.

# FUTURE ISSUES FOR AGENCY

The more than 53 square miles that make up Zionsville are currently divided into two zones, urban and rural. The urban zone is policed by the Zionsville Police Department. The rural zone is primarily policed by the Boone County Sheriff's Office. Periodically, the urban/rural designations are evaluated by Town leadership and areas containing several thousand residents could become urban zones in an instant. This, paired with the overall growth of the area, provides a unique challenge in planning for future staffing, resource and organizational needs.

The Indianapolis Metropolitan area has many quality police departments in close proximity. All are constantly looking for good recruits to fill their ranks and meet the needs of their growing communities. This provides a recruiting challenge for the Zionsville Police Department but also an opportunity to always be working to improve compensation, benefits and working conditions for its employees and recruits.

## SITE-BASED ASSESSMENT

7/6/2022

#### Planning and Methodology:

Assessors for the Zionsville (Indiana) Police Department conducted a virtual assessment via computer using the Commission's contingency plan for on-site assessments during the COVID 19 pandemic. The assessment team coordinated with agency staff to utilize technology/video conferencing to review agency operations, conduct interviews, allow for public input, and maintain accessibility to any persons or organizations that desired to give input about the agency to the assessment team.

The Zionsville Police Department is a full-service law enforcement agency that offers a wide range of services to their community. The agency has 38 sworn personnel and 1 non-sworn staff member. The department's policing philosophy is strongly rooted on the principles of community-oriented policing, service to the community, and being responsive to the communities needs within Zionsville. Michael Spears was appointed Chief of Police for the Zionsville Police Department on March 31, 2020. It was noticeable during the virtual on-site that Chief Spears has developed a high level of trust and respect from community stakeholders within Zionsville since his arrival in March 2020.

While the assessment team was unable to visit the department in-person and interact with staff/community members; we did speak with enough people to understand that the agency is very much committed to serving their community at the highest levels. The department is apart of their community and seems to always be looking for new ways to positively engagement with the members of their community.

#### Training

The Zionsville Police Department is committed to ensuring that their officers receive the most up to date and relevant training that is available. The department far exceeds state mandated minimums for in-service training required by the Indiana Law Enforcement Academy (ILEA). A common theme from staff during the assessment was that the department places a high value on training and career development. This was evident in speaking with several specialized instructors from within the department. The Town of Zionsville is a very affluent and well-educated community with most of the population having college degrees. This is also reflected in the staff at the Zionsville Police Department with most staff having a college degree as well.

Captain Drake Sterling oversees the training function for the agency. Captain Sterling ensures that all state mandated, department mandated, and accreditation specific training is completed for the department. Captain Sterling is also responsible for ensuring that instructors are filing the proper lesson plans and documentation for any training courses hosted by the department.

The department has a very robust field training program for newly hired officers and recently transitioned to a digital platform called Agency 360 to better capture field training documentation. Assessors spoke with Officer Brandon Pounds who was a recently hired officer that completed field training. Officer Pounds came to the Zionsville Police Department from another law enforcement agency. Officer Pounds described the field training program at the Zionsville Police Department as being very beneficial and detailed. Officer Pounds explained that the agency required weekly quizzes of trainees to ensure that the material being presented was being understood. Officer Pounds also commented on the Agency 360 program and the constant feedback that he received on his progress during training. Officer Pounds stated that the program and the DORs (daily observation reports) from his field training officer were very important to him developing during the field training program.

The assessment team had the opportunity to speak with Officer Austin Holtz. Officer Holtz has been with the Zionsville

Police Department for 4 years and worked previously with another agency for 2 years. Officer Holtz is also the department's active shooter instructor. Officer Holtz explained that the department is always working with the school district to ensure that emergency plans are continuously reviewed and updated as necessary. Officer Holtz explained that the department was working with the schools to host a department-wide active shooter training at one of the school buildings. Officer Holtz stated that the training would involve the use of SIMS and that they had gotten the involvement from school staff to ensure that the training is realistic as possible for their staff.

The assessment team spoke with Officer Joshua Rupp. Officer Rupp is a defensive tactics and STOPS (Strategic Tactics on Patrol Stops) instructor. Officer Rupp has been with the Zionsville Police Department for 7 years. Officer Rupp stated that the department exceeds what is required by the state related to defensive tactics training. Officer Rupp explained that all new recruits receive STOPS training, which is focused on handling traffic stops occupants that become resistant. This training incorporates vehicle extraction techniques and helps officers to remain safe when these incidents occur during motor vehicle stops. Officer Rupp also explained that in addition to new recruits, he also trains all shifts during roll calls on STOPS periodically to ensure that the officers remain updated on the latest techniques regarding STOPS.

The department conducts training both in house and sends officers to various schools outside of the agency. The department utilizes Moyers Consulting to complete several training topics online. The department partners with the Boone County Sheriff's Office and utilizes their range for all firearms qualifications and training. The department also has various specialized units. These specialized units include Special Response Team, Crisis Negotiation, and K-9. Each of these specialized units receive monthly refresher training to ensure that they are operationally ready.

### Use of Force

The Zionsville Police Department recognizes that the lawful and proper use of force is critical to maintain trust between the police and the community. The department's use of force written directive reflects the highest professional and ethical standards. The low number of use of force incidents is indicative of their emphasis on de-escalation and supportive of their policy statement which asserts that the department "recognizes and respects the value of all human life." The department has a thorough reporting and review process that includes supervisory review of all use of force incidents, documentation submitted through the chain of command, and review by the Chief of Police. The Zionsville Police Department has also appointed a Civilian Use of Force Board that has authority to review and approve the Chief's findings or return the case to the Chief of Police for further investigation or alternative action.

To demonstrate its commitment to ethical and transparent policing, the department has implemented a Use of Force Board, composed of three Zionsville police officers and two civilian members, one appointed by the mayor, and one appointed by the Board of Police Commissioners. This team member had the privilege of speaking with Use of Force Board member, Monisha Mitchell. Ms. Mitchell is a Licensed Clinical Social Worker, and a diversity, equity, and inclusion subject matter expert. She has been a part of the Zionsville Police Department's Use of Force Board since its inception. Ms. Mitchell praised Chief Spears and Mayor Emily Styron for their innovative and inclusive approach to building trust in the community. Civilian Board members receive training on police use of force, relevant case law, and Zionsville Police Department's written directives. They also have the opportunity to attend use of force training conducted for officers of the department. The Board meets monthly to review use of force incidents and to discuss current events. The Board is provided access to reports and body-worn camera footage during the meetings. Ms. Mitchell appreciates the open communication she has with the department.

Lieutenant Bradley Kiefer serves as a defensive tactics, Taser, and de-escalation instructor for the Zionsville Police

Department. Instructors attend the State of Indiana Law Enforcement Training Academy (ILEA) Instructor Development Course, followed by a certification course in defensive tactics that must be renewed every three years. Instructors may then attend additional specialty training, such as ground control tactics, or close quarter combat skills. Power DMS is utilized to review written directives and Lieutenant Kiefer provides a briefing on relevant use of force case law. Recent developments in physical training include the incorporation of jiu jitsu to enhance officer safety. Chokeholds are prohibited unless deadly force is justified.

The Zionsville Police Department recognizes that the use of deadly force is a critical training issue in the law enforcement profession. As a result, the department has a robust firearms training program. The department conducts three to four range training sessions per year. Officer Christopher Wheeler is one of four certified firearms instructors in the Zionsville Police Department. Firearms instructors must attend the State of Indiana Law Enforcement Training Academy (ILEA) Instructor Development Course, then participate in a 40-hour firearms instructor course, which includes lesson plan development. Instructors are also trained in deficiency recognition and correction. Officer Wheeler shared that the Zionsville firearms training includes basic qualification, fundamentals such as malfunctions and reloads, low light shooting, target acquisition, and dynamic movement. The firearms program also includes realistic, scenario-based training that incorporates use of force decision-making and the application of de-escalation techniques. As a de-escalation instructor, Officer Wheeler finds great value in integrating firearms instruction with de-escalation training at the Zionsville Police Department. Prior to being hired by the Zionsville Police Department, Officer Wheeler served as an officer in a hospital setting, where he learned early in his career the value of de-escalation skills.

The Zionsville Police Department is committed to innovation and continual improvement. The department recently transitioned from .45 caliber to 9mm duty pistols. Officer Christopher Wheeler described an extensive testing and evaluation effort to identify the most beneficial firearm, caliber, and red dot sight to effectively equip each officer in the department. Once the equipment was selected, the firearms instructors worked with the department's Training Coordinator and Chief Firearms Instructor, Captain Drake Sterling, to develop a comprehensive in-house weapon transition training to familiarize personnel with the operation of the new equipment. Officer Wheeler reported that the firearms instructors have observed improvements in performance since the rollout of this equipment in 2021. Officers throughout the department have benefitted from the town's significant investment into this equipment upgrade, and its ongoing commitment to training, continual improvement, and innovation.

#### **Response to Mental Health Calls**

The Zionsville Police Department has demonstrated a department-wide commitment to providing exceptional services to individuals in crisis. All Zionsville police officers attend a 40-hour Crisis Intervention Team (CIT) training. Crisis intervention training provides strategies and resources for officers who respond to mental health-related calls for service. CIT officers are trained in de-escalation techniques, mental health first aid, and empathic communication. Additionally, CIT officers are specialists in connecting individuals in crisis with resources and care providers in the community. Lynette Clark, a local mental healthcare provider, hosts CIT certification training for law enforcement agencies in Boone County. She related that the Zionsville Police Department is the most proactive agency in the region in their efforts to obtain CIT certification for all officers. Ms. Clark hosts monthly CIT meetings with the Zionsville Police Department and other area law enforcement agencies to share strategies and resources.

In 2020, the Zionsville Police Department created its REACH (Resources Evaluating Assisting in Community Health) Unit to follow up on mental health-related calls for service and to connect individuals in crisis with community resources. The REACH Unit is an innovative co-responder team that partners police officers with mental health providers in the field to, in part, connect community members with resources, reduce repeat encounters with law enforcement, reduce use of force with people suffering a mental health crisis, minimize arrests where possible, to promote individual responsibility, and to encourage self-sufficiency. As a mental health professional, Ms. Lynette Clark is a key partner in the REACH initiative. Ms. Clark teams with Sergeant Elizabeth Frost, who serves as the department's REACH Coordinator. Sergeant Frost reviews mental health-related calls with Ms. Clark to strategize a follow-up response. The team then conducts field visits to make contact with individuals who may benefit from additional assistance. Ms. Clark volunteers her valuable services, and related that she is impressed with the Zionsville Police Department's leadership role in proactive mental health-related response strategies.

In 2022, the Zionsville Police Department joined the AWARE initiative. Created in 2021 by the Avon, Indiana Police Department, AWARE is a campaign to raise first responder awareness of individuals with cognitive disabilities and medical-related impairments, such as Autism, Down Syndrome, or Dementia. The AWARE initiative provides participants with a readily identifiable sticker that can be placed on vehicles and residences to signal first responders who may interact with an individual with a cognitive disorder, or who may be unable to communicate with public safety officials. Participation in the AWARE initiative demonstrates the department's commitment to provide the highest levels of service with empathy and compassion.

The Zionsville Police Department contributes officers to the Boone County Crisis Negotiation Team (CNT). Officer Amanda Heitz is a member of the CNT. ### Multi-jurisdictional Cooperation

The Zionsville Police Department has established numerous multi-jurisdictional partnerships to ensure that the community has significant resources available to meet all of its public safety needs. Chief Michael Spears recognizes that criminal activity is not restricted to jurisdictional boundaries. Accordingly, Chief Spears maintains positive relationships to further the goals of the organization and to make a meaningful contribution to the greater law enforcement community. The Zionsville Police Department recently expanded the Investigations Section from two inhouse, generalist detectives to include three additional detectives to serve in multi-jurisdictional task force operations.
