PowerDMS

Amanda Bradford

**Training Lead &
Certified Professional Program Coordinator**

A few things to mention…

➢ This session is being recorded.

➢ The recording will be emailed to you automatically.

➢ You can AND should download the slide deck from the "Handouts" section on your GoToWebinar toolbar.

➢ You can type in your questions at any time using the GoToWebinar interface.

Objectives

In today's session you will identify how to:

✓ View the differences of available links within document management view

✓ Use embedded URL from PowerDMS Documents within other PowerDMS Documents
  - Within context
  - Within tags

✓ Make considerations on which method will support your organization best

✓ Manage tag links when necessary

If after the session, please reach out to trainingteam@powerdms.com!
