Definitions:

- **Certificate of Destruction** - a type of title issued for a water-damaged vehicle, other than an antique vehicle or a vehicle in excess of twenty thousand pounds gross weight, whose power train, computer, or electrical system has been damaged by flooding as the result of a gubernatorial declared disaster or emergency and has been declared a "total loss".

Requirements:

- An insurance company that acquires ownership of a vehicle **MUST** apply for a certificate of destruction within thirty days. A 60-day extension period may be granted upon approval by the Office of Motor Vehicles, not to exceed ninety days from the date of settlement.
The following must be submitted:
 - Current Louisiana Certificate of Title properly assigned, if applicable.
 - A completed vehicle application form ([DPSMV1799](#)) for the certificate of destruction. The words "Certificate of Destruction" must be written or stamped on the application and on the face of the accompanying title.
 - A copy of the total loss settlement indicating the date of loss as well as the date of settlement.
 - Disclosure of Salvage/Reconstructed/Water Damaged/Hail Damaged Vehicle ([DPSMV1637](#))
 - Applicable title and handling fee

Notes:

- An insurance company may elect to apply for a Certificate of Destruction for a vehicle that has been damaged to the extent it is deemed a "total loss" even if not resulting from a gubernatorial declared disaster. If the insurance company elects to apply for a Certificate of Destruction in lieu of a salvage title, a statement indicating such must be added to the proof of loss documentation and submitted with the file.
- **A certificate of destruction will not be issued to off road vehicles, manufactured homes or trailers.**
